LAST HOMAGE TO INDIA'S ILLUSTRIOUS PATRIOT

Out Of The Gloaming.

The Nagpur knight said, after a satisfying dinner, that the name of the White Paper knight would live in history! So many names have lived in history that perhaps one more won't much matter.

* * * *

Along with it perhaps Sir Harisingh's name might also remain, by one of those freaks of history which we often see. Two thousand years hence, they might even find a tablet somewhere commemorating the Nagpur knight's banquet for giving India safeguards instead of freedom.

* * * *

Sir Samuel stressed the importance of Opposition, which was just as vital a factor as the Government itself! He meant of course, the kind of "opposition" found in the Assembly and Councils,—which is invariably on Government side at voting time.

* * * *

We must not, however, use the Japanese term for such Opposition—insincerity it is called there. Sir Samuel has already made some provision for this. He said that while opposing the "opposition" should also cooperate. That is what we invariably do in India.

* * * *

Our M.L.A.'s and M.L.C.'s make vehement attacks on Government and as vehemently, walk into the Government lobbies, showing that India has nothing to learn even from Sir Samuel. We have perfected the art, and its greatest exponent lives modestly in Poona, in the form of an ex-Minister!

* * * *

Military authorities in Delhi declare that the future of Afghanistan depends on the Army, which is "well fed." That must be the reason why they say that an army marches on its stomach!

* * * *

The Afghan army should now get a rise in its salaries, for there are many precedents for it. When the Montford reforms came the Services got a splendid rise to prepare them, or rather to put up their backs, for the next rise.

* * * *

When the C.D. movement came generous rises or allowances were given to our Police to prepare them for a strenuous campaign. The results were simply wonderful.

* * * *

The Delhi Correspondent of Bori Bunder writes that Nadirshah was evidently murdered by a follower of Lewanai Faquir who was handed over to Afghanistan for being suitably dealt with, by the British authorities on the Frontier!

* * * *

Nobody could have expected that this innocent act would result in the murder of the Afghan King. Let's hope the friendliness between the British and Afghans will not be marred by it, and that the new King will get another loan alright!

* * * *

Convicting a perfume seller for breach of externment order, a Bombay Magistrate remarked that civil disobedience was not quite dead.

He seems to be under the impression that in case the man was not sentenced, the "not quite dead" movement might pervade the atmosphere like the scent of the perfume!

Second Clerk: "Nonsense. He's to be transferred to the Complaint Department."

Mile Long Procession Follows Bier

Mayor And Citizens Offer Floral Tributes

BODY LIES IN STATE FOR 6 HRS. & CREMATED AT 7 P.M.

5,000 Volunteers Aided By Police Keep Surging Crowds In Check

More than two lakhs of mourners clad in white garments followed the funeral bier decked with flowers and wreaths of Sjt. Vithalbhai Patel in a mile long procession on Friday morning.

Marching at a snails pace through crowded streets with balconies and housetops thronged with spectators the procession reached its destination four hours after the start.

The homage paid by the city to Sjt. Vithalbhai Patel was great and tumultous, standing comparison only with the great funeral of Lokamanya Tilak more than a decade ago.

A volunteer force of 5,000 strong kept back the crowds which surged round the bier which was carried in a motor car bedecked with flowers, wreaths and garlands. A double cordon of volunteers escorted the bier but at times the rush of spectators was so great that only the heroic efforts of the volunteers could save the cordon from being snapped.

About half a dozen spectators swooned due to the rush and had to be given first aid by ambulance men.

Barring an incident when four women obstructed the van carrying bier near Whiteaways, the procession marched uninterruptedly only to halt at places previously specified to enable the people to offer floral tributes.

When the bier reached Hornby Road near Whiteaway Laidlaw and Co., four women clad in orange sarees obstructed the van. They refused to allow the van to proceed until the coffin was opened and they were enabled to have a "dharshan" of Sjt. Vithalbhai stating that they wanted the body of Sjt. Vithalbhai to be carried in the orthodox Hindu way.

PROCESSION DELAYED

The procession was delayed for a few minutes but Mrs. Maniben Patel (daughter of Sardar Vallabhbhai Patel) and Mrs. Naidu pleaded with the Satyagrahis not to be obstinate and allow the procession to pass. The women after a good deal of persuation yielded.

COFFIN OPENED.

On reaching Sonapur the coffin was opened and the body of Sjt. Vithalbhai was placed in a specially erected mandap decorated with tri-colour flags.

Sjt. Dayabhai Patel (son of Sardar Vallabhbhai Patel) performed the funeral rites for the purposes of which water from the Ganges, saffron from Tirupati and Tulsi garland from Mathura had been specially brought.

The funeral pyre will be lighted only at about 6 in the evening to enable people to have "dharshan" of the body.

TRAFFIC SUSPENDED

Tram and vehicular traffic on Kalbadevi, Girgaum and Queen's Road was suspended for a time to enable the procession to pass.

OVER TWO LAKHS OF MOURNERS

Though it had been previously announced that the procession would start only at 7 a.m., yet thousands of people began to gather on the Ballard Estate since an early hour.

The coffin had been brought from the G. T. Hospital to the Asian Building and the volunteers decorated the coffin with flowers. Besides the members of the Funeral Committee several leaders had also come to the place with flowers and wreaths and before the procession started at 7-20 wreaths by prominent citizens of Bombay were placed on the Funeral bier, which was placed on a motor van.

MILE-LONG PROCESSION.

The mile-long procession started its way at 7-20 and barring the clicks of cameras, there was pin drop silence. The management and organisation of the procession was in the hands of Sardar Jamiatsingh and Mr. Vaikunth Desai and seeing to the way in which the whole procession has been arranged at the beginning,

LAST CEREMONY

Mrs. Naidu And Jamnadas Mehta Allowed To Pay Tributes To Deceased

The funeral pyre of fragrant sandlewood lighted at sunset consumed the last remains of Sjt. Vithalbhai Patel at the cremation ground at Sonapur on Friday.

The ceremony was performed in the presence of a small gathering consisting of the relatives of the departed leader, a few members of the Funeral Committee and volunteers.

Before lighting the pyre Mrs. Naidu gave an address expressing the hope that the fire for independence which Sjt. Vithalbhai had lighted in their hearts would be kept burning for ever.

Mr. Jamnadas Mehta paying his tribute said that although Sjt. Vithalbhai was born in humble circumstances he wielded the powers of a King.

Zahir Shah Not Secure On Throne

Fear Of Another Assassination In Afghanistan

Conflicting Reports About Authors Of Nadir Shah's Murder

PESHAWAR, Nov. 10.

According to travellers from Afganistan the new King Zahir Shah is not yet secure on his throne, and the news of another assassination may be expected any moment.

It is early yet to expect reaction to Nadir Shah's assasination. Means of communication not being fully developed the news does not spread quickly to tribal territory, where at present everything continues quiet. Repercussions, however, are inevitable.

It is reported that Hashim Khan, the Afghan Premier, reaches Kabul, this evening.

MAJOR HAY RUSHES TO PESHAWAR.

The situation at Kabul is by no means clear. Major Hay until recently political Agent, Malakand who left for Kabul on Wednesday afternoon, to take up the office of Counsellor of the British Legation, returned to Peshawar, to-day, with his family from Jalalabad, covering the journey to Landikotal overnight.

The story of Nadir Shah's assasination by bodyguards and domestic servants, though officially still unconfirmed, has been confirmed by a traveller who arrived here to-day, leaving Kabul half an hour after the murder. He stated that he heard reports of pistol shots at the Ark Palace at about 3 on Wednesday afternoon, after which a hue and cry was raised that King Nadir Shah was assassinated. The names of assassins are still unascertainable.

CONFLICTING REPORTS.

That Nadir Shah was murdered by students at a school prize distribution is story related by another motor driver. Thus conflicting reports are current regarding the circumstances in which the murder was committed, but Peshawar is inclined to believe the story that bodyguards and domestic servants fired thrice with pistols, and, later, stabbed the King to death with daggers.

SIGNIFICANT FACT.

It is significant that Nadir Shah was assassinated exactly one year after the execution of Ghulam Nabi Khan, which took place on November 8 of last year.—A. P.

MURDERED BY CRIMINAL MADMAN?

Amanullah's Return Out Of Question

PARIS, November 10.

Valikhan, the Afghan Minister, who is a brother of Nadirshah, declared ex-King Amanullah's return is out of question, because he had alienated the feelings of the entire population by his disregard of Afghan customs traditions. He added that Nadirshah's policy was to restore the country which was devasted by civil war and mis-rule, and cultivate peaceful relations with the neighbours.

The present King would continue his father's work.

According to Valikhan's information Nadirshah was killed by a criminal madman, and the crime was without any political significance. The Ministe...

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Feeling Great

If you wake up in the morning feeling sour and depressed, entirely lacking in vim and vigour, don't swallow a lot of salts, mineral water, oil or harsh purgatives and expect them to make you suddenly sweet and buoyant and full of sunshine.

They can't do it. They only move the bowels and a mere movement doesn't get at the cause. The real reason for your run down feeling is your liver. It should pour out two pints of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Your stomach is filled with gas. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

Next take those good, old CARTER'S LITTLE LIVER PILLS to get these two pints of bile flowing freely and make you feel "tip top". They contain wonderful, harmless, gentle vegetable extracts especially effective when it comes to making the bile flow freely.

Your druggist can supply Carter's Little Liver Pills. Ask for them by name. Insist on the genuine Carter's Little Liver Pills in the Red Package with Signature Label.

MARLENE DIETRICH

Great Star In Finest Work Of Her Career At Pathe

The "finest work of her career" is the description given by a well-known critic to Marlene Dietrich's portrayal of Lily the young girl who sits as a model for a nude statue to a talented young sculptor, falls deeply in love with the latter but is trapped into marriage with the rich Baron who has commissioned Richard Waldow to make the statue.

When Lily discovers the truth—that her lover stood aside to allow the Baron to marry her in order that he might lift her from poverty and give her the happiness that only wealth can buy, — she rushes from the Baron's house disgusted both with him and Richard and flees to the cottage of an impoverished young nobleman who has confessed his love for her.

We need not explain the complications that ensue but in the end she again meets Richard is reconciled to him and they rediscover their lost happiness.

The story is neither great nor original, but Marlene Dietrich is both. She grips the audience and holds their sympathy and interest from end to end of the film. The scene in which, in a frenzy of futile fury with the statue, which she thinks lost her her innocence she smashes it to bits with a hammer, recalls the great tragediennes of dramatic history, in a way that no actress of the present-day has achieved or could hope to emulate.

This Rouben Mamoulian production is a great film. It can't help being that, for Marlene Dietrich dominates it, but, apart from the fact that she makes it live, masterly direction distinguishes it from the conventional dramas which throng the screen to-day.

The film was shown at Pathe Cinema yesterday and will continue throughout the week, if it does not run longer. It will surely lure Bombay screen fans to Pathe's for some time to come

'EAT MORE FISH'

Govt To Launch Big Scheme For Improving Industry

On the occasion of the inauguration of the Fisheries Scheme at Danda, H.E. the Governor said:—

Dewan Bahadur Kambli, Mr. Motiram Patil, Ladies and Gentlemen:

It gives me much pleasure to be here to participate in the ceremony of the inauguration of the Fisheries Scheme. The Director of Industries has narrated at some length the steps taken by the Government from time to time to assist the fishing industry. The present scheme to demonstrate the use of motor-craft as collecting boats in the first instance is, as he has stated, designed to increase the supply of fish and thereby to benefit both the fishing community and the general public.

CREDIT SOCIETIES

A question which I think, might usefully engage your attention, Mr. Patil, is that of devising means by which your community can finance the conversion of your sail boats, if and when it has been proved to the satisfaction of yourself and your Jamat that such conversion is beneficial. In this connection I would suggest that the fishing communities in the various parts of the Presidency might explore the possibility of forming co-operative credit societies, and I can assure them that the Co-operative Department are ready and anxious to give them the benefit of its advice and to assist in carrying into effect any practical scheme which may be put before the Registrar.

Concluding, H.E the Governor said:—

I thank you, Mr. Patil and your Jamat for the very warm welcome which you have all given to me. I appreciate very greatly your good wishes. I hope most sincerely that the scheme which I have just inaugurated, namely, the demonstration of power propelled boats and the other steps which have been set on foot by my Government, will make for the increased happiness and prosperity of yourself, your Jamat, the fishing communities of this Presidency generally, and of the ever widening public whom you will serve.

BIG RUSH FOR HAVING LAST 'DARSHAN'

(Continued From Page 1)

it left nothing further to be desired.

The procession arrangements were in strict conformity to the previous instructions of the Funeral Committee. Volunteers clad in white and khaki uniforms marched in fours behind the pilot car in which was sitting Mr. Purushottamdas Tricumdas.

A batch of women were in the vanguard of the procession and the motor van carrying the coffin was literally buried under wreaths of flowers.

CORDON OF VOLUNTEERS.

A double cordon of volunteers was formed round the motor van and the leaders who followed the funeral bier. Mrs. Sarojini Naidu and Miss Maniben Patel were sitting in the funeral car, beside the driver.

Prominent amongst those that were following the bier were Messrs. B. G. Horniman, Chairman of the Funeral Committee, Jamnadas Mehta, K. F. Nariman, S. A. Brelvi, Soorji Vallabhadas, S. K. Patala; Abdur Rehaman Mitha, Shantikumar Morarji, B. F. Barucha, Vasi and several others. Some of these left the procession en route and went to Sonapur to await the arrival of the cortege. Mr. Horniman and Mr. Jamnadas Mehta, however, were with the procession from start to finish, directing the arrangements. Mr. U. Chit Hlaing, ex-President of the Burma Legislative Council so followed the procession. Behind the leaders followed the public.

FOOTPATHS THRONGED.

Besides those forming the procession proper, there were several thousands of men and women who had gathered on the footpaths and to prevent a rush towards the bier, a double cordon of volunteers were formed round the procession besides this precaution, since the early hours of the morning volunteers of the Committee had been posted throughout the route. Though the procession passed off without any interruption or hindrance, still the crowd that had gathered was so large that it was with very great difficulty that the volunteers managed to control the crowd, which at certain points threatened to break all the cordons and rush at the bier to have Darshan.

The City Police under Deputy Commissioner Butler, helped the organisation of the procession to a very great extent.

HYSTERICAL WOMEN.

As the procession reached the Whiteaways on the Hornby Road, four hysterical women rushed towards the motor van carrying the bier and fell on the radiator. They said that they would not move from the place till the lid of the coffin was opened and the people were allowed to have Darshan of the dead leader.

Mrs. Sarojini Naidu, Mr. Jamnadas Mehta and others convinced them that it would be futile if they continued their hysterics at a solemn moment like that and after some arguments, the four women withdrew.

The Procession vended its way through a surging mass of humanity with flowers beings showered on the bier every few minutes. All the balconies on the Hornby Road were thronged with men women and children, who had gathered there to pay their silent homage.

CIVIC HOMAGE.

Even before the Procession reached the Bori Bunder, there were several attempts made by excited youths to break the volunteer cordons and rushed at the Van but were frustrated in their attempts. At Bori Bunder the Van was stopped and wreaths from the Bombay Corporation and other Associations were placed on the Bier.

Dr. Javle, the Mayor of Bombay, Mr. Jafferbhoy Laljt the President of the Standing Committee and several other Corporators joined in paying the homage to the Ex-President of the Corporation.

Wreaths were also placed on behalf of the following Association:

The Anand Mandal, The Assessment Department of the Corporation Naistha Mandal, The Residents of Byculla, Residents of Mulund, Parekh Building Association, Bombay Stock Brokers Association, Indian Insurance Companies.

The march from Bori-Bunder to Crawford Market occupied half an hour. Reaching the Crawford Market, the members of the public were enabled again to offer floral tributes. The offerings were from the Flower Merchants' Association, the Fruit Merchants' Association, the Vegetable Merchants Association and Messrs. Ebrahim Abdul Aziz, Khatri and Chafeker.

The crowds swelled as the procession marched through the thickly populated Kalbadevi Road. The rush here was very great, taxing the capacity of the cordon of volunteers, escorting the funeral bier to the utmost. At times, it looked, as if the cordon would snap. But the police ably assisted the volunteers in keeping back the crowds. After nearly forty minutes march the procession reached the Bhuleshwar Fire Brigade, where it halted for a few minutes.

Offerings on behalf of the following bodies were made:—Diamond Merchants' Association, the Cotton Merchants' Association, the German Silver Merchants' Association, the Lalbaug Market Fishermen, Laud Mandal, Govardhan Samstha, Swadeshi Market and other Associations.

The residents of Bhuleswar had made elaborate preparations to pay homage to the ex-Speaker. There were flower arches, and balloons, whish showered flowers as the bier passed. The crowds at this stage had grown in dimension and one could see only a sea of bare heads. Even the roofs of houses and trees having been occupied by eager spectators. At a modest estimate, nearly three lakhs were then folowinig the procession.

In view of the fact that the procession was over a mile in length the police stopped Tram and other vehicular traffic the Girgaum Back Road, Charni Road, Girgaum Road and Queen's Road, even while the procession was moving at Bhuleswar. This was due to the fact that where was the pilot car of the procession was somewhere near Prarthana Samaj, the tail end of it was still at Kalbadevi.

Near C. P. Tank the crowds became so uncontrollable, that several of the spectators fainted due to the rush, and a number of volunteers who were around the bier were overcome by fatigue were replaced. The crowds kept on making a rush at the bier in spite of the appeals of the volunteers to maintain order.

The procession passed through the Charni Road, Girgaum Road, Thakurdwar Road and Queen's Road and finally reached the Sonapur cremation ground at 11-35 occupying 4 hrs. 15 mins.

Traffic on the Queen's Road was blocked for a considerable time as large crowds had assembled. The whole of Queen's Road from the Charni Road Junction to the Marine Lines Station was one seething mass of humanity and it was with very great difficulty that the police and the volunteers managed the progress of the Bier towards the Sonapur Gate. Even after reaching the Gate, it went very difficult for the volunteers to remove the bier from the motor van and the Police helped them to a considerable extent in this. The crowd was moved back and the bier was removed into Sonapur. After it was removed, crowd refused to move from the Queen's Road and squatted on the Road.

Inside Sonapur very few people were admitted at the outset and the volunteers opened the lid of the deal wood box. Inside the deal wood box was placed a Oak Wood Coffin over which was placed a wreath. On the coffin the following had been inscribed:

V. J. Patel,
Former President of
the Indian Legislative
Assembly.
to Bombay.

LID OPENED

The lid of the coffin was opened and the embalmed body of Sjt. Vithalbhai which had been packed in an air tight coffin for nearly a fortnight was seen. Before placing the body on the platform, Mr. Jamnadas Mehta and others smeared the body with Ganges water and Chandan from Thirupathi, which had been specially brought. A Tulsi mala from Muttra was also placed near the copy of the Bhagavat Gita which was inside the coffin. After that the coffin was inclined on the platform and the public were allowed in sixes to have darshan of the body.

HUGE CROWDS HAVE LAST 'DARSHAN'

The crowds that had squatted on the Queens Road, in the burning heat began to swell as soon as the news was spread that the body would be kept open for "Darshan." One of the three gates to the cremation ground was opened and the public were allowed entrance in batches to have a few seconds' glimpse o. the remains of the departed leader.

The flow of spectators continued till 7 in the evening, when the public were stopped from being allowed in as the body which had been kept exposed for nearly six hours was to be cremated.

Though the crowd on the Queen's Road was slowly melting away, still regular traffic on the Road could not be resumed till very late in the evening and the Police were throughout on the Queen's Road looking to traffic arrangements.

BODY SET FIRE TO

At 7 p.m. in the presence of a few relatives, some members of the Committee and volunteers were allowed to remain inside. The body of Sjt. Vithalbhai was taken from the platform by the relatives of the departed leader and conveyed to the funeral pyre of sandalwood and the relatives set fire to it after speeches had been made by Mrs. Sarojini Naidu and Mr. Jamnadas Mehta.

ITALY AND DISARMAMENT

ROME, Nov. 10.

Responsible Italian circles are of opinion that the time has not yet arrived to resume examination of the disarmament problem, or deal the question on Germany's leaving the League, declares a semi-official statement, which says in a letter from Herr Hitler which General Goering handed to Sgr. Mussolini no concrete proposals with regard to the disarmament conference are made.

The letter is merely a retrospective examination of the situation and explanation of Germany's motives in leaving Geneva.

General Goering illustrated certain point in Herr Hitler's letter, but made no proposals himself, nor attempted to request the Italian Government to take the initiative.—Reuter's Special.

Show Still Draws Crowds At 7th Week

Having enraptured Bombay audiences for the past six weeks, Wadia's popular production Lal-e-Yaman is now running through its most successful Seventh Week with packed houses at almost every show. Its melodious music and sweetest songs have become so popular that they are heard being sung and repeated at many street-corners in the city.

Another indication of its immence popularity and glorious reception by the public is the fact of this film now running at Saraswati Cinema, Ahmedabad, through its 5th Glorious Week.

The programme of the night included news movie-tone and other interesting features. The musical programme of Pyara Saheb and Mukhtar Begum was excellent and the pictur "Ramayan" (Sita Swayamwar) produced by the Madan Theatres Ltd. added to the attraction. "GOLD DIGGERS OF 1933" AT CAPITOL

Tunefui Music And Pretty Girls In Spectacular Talkie

Warner Bros., the producers of the first talking picture, have done it again! Very recently they took the amusement world by storm with "42nd Street," and they have now come forward with a new surprise and a new accomplishment even greater in scope and promise.

It is "Gold Diggers of 1933," super spectacle of all time which opens to-night at the Capitol, Bombay's leading Talkie house, and which thrilled its Press-audiences into wild acclaim, when it was specially shown to them. It is daring, sensational and a challenge to those who believe they have seen everything, heard everything that the screen has to offer! It is as different as it is spectacular; as entertaining as it is breath-taking. It is amusement spelled with capital letters and exclamation points. It is new! It is beautiful! It is not to be missed by anybody—for any reason.

Obviously, all the resources of a great studio were placed at the disposal of Director Mervyn Le Roy, when he started work on "Gold Diggers of 1933." Here is the most lavish use of stellar names, of tuneful music, of ensembled beauty in chorus sequences that are positively thrilling, of story values and production costs, ever to come out of Hollywood.

Garnished with the greatest "show" ever screen, thanks to the amazing ingenuity and ability of Busby Berkeley, whose choruses helped make "42nd Street" memorable, "Gold Diggers of 1933" is the story of the personalities and problems behind the planning and staging of a Broadway success. It is not just a "back stage show." It is the story of the lives and loves of the people back of the back stage scenes and of their struggles and triumphs and disappointments.

The brilliance of the cast assembled by Warner Bros. for this picture is a fair gauge of its extraordinary entertainment value. There is Warren William ordinarily starring in his own pictures, heading the cast. There is Joan Blondell also a star in her own right and the four Gold Digging show girls, who set out to "work" a couple of fans with the release of her first picture "42nd Street."

Joan Blondel, Ruby Keeler, Aline MacMahon and Ginger Rogers are Ruby Keeler, who jumped overnight into the hearts of the movie every possible luxury.

Headed by these three names, the cast reads as follows:—Dick Powell, Aline MacMahon, Guy Kibee, Ginger Robers, Ned Sparks and Tammany Young. The picture is an adaptation of an Avery Hopwood play with Erwin Gelsey and James Seymour credited with the adaptation. Music and lyrics are by Harry Warren and Al Dubin.

No review of "Gold Diggers of 1933" is complete without particular mention of the two hundred beautiful girls, who go to make up the Berkeley choruses. There is an unequalled lavishness about these dance ensembles that sets up totally new values in screen spectacle. The girls are lovely beyond comment and while the story itself would make better than ordinary entertainment, the "show within a show" and the chorus numbers shown there, lift the whole production to the status of exceptional, extraordinary and sensational.

as an actress of note, and a dancer and singer of unique ability. This Fox Film gives her splendid opportunities for the perfect display of all her talents.

Her leading man is John Boles, who was personally selected by her. She had seen him in some of his roles and was attracted by his fine voice and his attractive personality. Others in the cast are El Brendel, Irene Browne, Maude Eburne, Henry Stephenson and Herman Bing.

The story of "My Lips Betray" concerns the adventures of a young singer, who becomes the King's favourite through a mistake of his tipsy chauffeur. Much against her better judgment she is forced to accept the situation or arouse the condemnation of everyone. When the king finally decides to see his favourite for himself, he really falls in love with her and, to a great extent, 'vice-versa.'

"YES, MR. BROWN" AT WELLINGTON

The popular musical comedy "Yes, Mr. Brown" released by United Artists at the Wellington Talkies, Dhobi Talao, was such a great success, that owing to public demand, the management have thought it necessary to revive it this week from Saturday.

Jack Buchanan who has rapidly risen to screen-fame by his inimitable gifts for comedy and singing gives a very delightful performance, full of his usual verve and sparkle. He receives splendid support from Elsie Randolph, Margot Grahame and Hartley Power. The picture is a real feast of comedy, tuneful music and exquisite dancing, which keeps the audience in good humour from start to finish. The plot concerns the manager of a Continental office who is faced with the arrival of his boss whom he invites to dinner at his home. But the sudden quarrel with his wife and her abrupt departure forces him to take his pretty secretary to fill the gap at dinner, and this leads to many hilariously funny situations.

"MY LIPS BETRAY" AT CARLTON

Lilian Harvey, internationally known screen star, comes to the Carlton Theatre this week in "My Lips Betray," her new production under the Fox banner.

Miss Harvey is no stranger to motion picture audiences in Bombay. In "My Lips Betray" the diminutive star is said to have her ideal role. She is known throughout the world for her versatility

The story of "Song of Songs," running at the Pathe from Friday, is spun round the statue of Marlene.

"KRISHNA SUDAMA" AT WEST END

For the last three weeks, the West-End Cinema at Lamington Road has been drawing packed houses, the attraction being Ranjit Movietone's great hit "Krishna Sudama." The public enthusiasm justifies the retention of the picture for the fourth week.

The ever-lasting friendship of Lord Shri Krishna and Sudama forms the subject of one of the most popular episodes in the Hindu mythology, and it has been picturised by the Ranjits with many a delightful situation that is associated with it. Bhagwandas and Miss Madhuri are suitably paired in the roles of Krishna and Rukmini, while others in the cast are Dixit, Ghory and Keki Adajania. The part of Narada has been well exploited for all its comic possibilities, while there are some picturesque scenes of Krishna playing "holi" with his queens.

"TUGBOAT ANNIE" AT REGAL

Marie Dressler And Wallace Beery In Entertaining Film

Marie Dressler and Wallace Beery in "Tugboat Annie," their first appearance since "Min and Bill," are the attraction, sometimes hilariously funny, sometimes tensely dramatic, but always entertaining, at the Regal Theatre, where the long-waited filmization of Norman Reilly Raine's "Saturday Evening Post" stories is now playing.

The public has long clamoured for another Dressler-Beery picture and in the present story Metro-Goldwyn-Mayer has provided an ideal one. There are hilarious quarrels between the redoubtable feminine tugboat captain and her shiftless, good-natured husband, mother-love furnishes a poignant heart interest, and there is a tremendous dramatic climax in the amazing episode in the Engine Room.

Miss Dressler plays Annie, with Beery as her husband, Terry and Robert Young as Alec, the son, who grows up, becomes captain of a liner, marries the daughter of the shipping magnate and seeks to remove his parents from the tug which is their livelihood and home. The father lapses into his old alcoholic ways and the son disowns him—but when, in rescuing the son's liner, the father makes an astounding sacrifice, their difficulties are smoothed out. Beery's scene, plugging leaking boiler tubes in a flaming firebox at sea, is the dramatic highlight of a delightful romance.

Beery and Miss Dressler, of course, battle and make up and glean countless laughs. Frankie Darro is clever as the son before he grows up into Young; Maureen O'Sullivan makes a beautiful sweetheart for the young captain, and clever character work is provided by Willard Robertson, Tammany Young, Jack Pennick and Paul Hurst. Mervyn Le Roy directed the picture with the same deft skill that has marked his "Five Star Final," "Gold Diggers" and other recent hits.

"SLEEPLESS NIGHTS" AT EDWARD TALKIES

The piquant adventures of a young couple forced to pose as married provides the irresistibly hilarious plot of "Sleepless Nights" is this week's attraction at the Edward. The main high lights of this sprightly comedy are the lilting musical numbers introduced in the drollest manner possible, and composed by Noel Gay.

One of the most haunting of these, "Just One More," is rendered by the inimitable Stanley Lupino and Polly Walker, who, find themselves aboard a yacht, in a compromising situation. Matters become even more complicated when they begin to care for each other, and in their sheer exuberance of spirits they dance over the entire vessel in search of a secluded spot for "Just One More" kiss.

"With All My Heart" is another number sung by Poliy Walker, who accompanies herself at the piano. And of course, it is from "Sleepless Nights" that "I Don't Want to Go to Bed," the audience will be howling into hysterics The Management deserves congratulations for securing such a sparkling British musical comedy which has already won wide success.

WALLACE BEERY~MARIE DRESSLER in 'TUGBOAT ANNIE' which will be shown at the Regal this week.

"THEY CALL IT SIN" AT EXCELSIOR

New York with its up-to-the-minute swirl of gay life is the sparkling background against which is etched the drama and comedy of "They Call it Sin," the First National Picture which comes to the Excelsior Theatre from to-day.

The blending of drama, comedy and music is made possible by the story which takes it characters behind the scenes of musical comedy production, night club and penthouse party life, and portrays the love of three men for one girl who, in return loves a man she cannot have.

This picture marks the second important role in a carefully chosen story is a series destined to raise Loretta Young to first-rank stellar rating. The promise of great ability which was demonstrated in her earlier films has come to maturity in her most recent picture "They Call it Sin."

To add still further popular appeal, Miss Young is teamed with George Brent, whose recent and rapid rise to stardom is a Hollywood sensation.

An important role played by Una Merkel provides the picture with fine comedy touches delivered in that young comedienne's unique style.

Other outstanding roles in the picture are given to David Manners, Helen Vinson, Louis Calbern, Joe Cawthorne, Nella Walker, Elizabeth Patterson and Erville Alderson.

A HUMAN DRAMA AT ROXY

"Sally Bishop," which comes to the Roxy this week, is a drama that can be said to be woven out of human emotions, full of pathos feeling and an appealing sentiment. How pure and sincere love can transform the dross passions, is vividly and graphically depicted in the picture.

Joan Barry, Esabel Jeans, Harold Huth and Benita Hume are the featured players, who handle the principal roles with convincing realism. The plot concerns Sally Bishop (played by Joan Barry), an office-girl, who encounters one evening a wealthy man-about-town, but she snubs him. She lives in a boarding house with a young artist, Jane Halland (played by Kay Hammond), who is quite different in temperament. A conceited bank-clerk, recently promoted, proposes to Sally who, however, spurns his offer. Subsequently she meets a charming young man, Traill by name, whose persistency at first provokes her wrath, but who finally wins her over. She visits his place, but the man, realising her innate purity, tells her that, his intentions are not so honourable as to propose marriage to her, and that he is not the right kind of man for her.

This shatters Sally's dream of romance, and she leaves him dismayed. Later, a surprise awaits her, when she receives a present of a gold watch from Traill. This renews their friendship, and Sally surrenders herself to his attentions, despite his frank admission that he can give her everything but marriage. But her happiness is obstructed by Traill's scheming sister, Mrs. Dolly Durlacher (played by Isabel Jeans), who succeeds in drawing him away to the beautiful Evelyn Standish (played by Benita Hume). Goaded by Dolly's retorts, Traill roughly throws out Sally, who, in her distress, is befriended by her artist-friend Janet. Further incidents re-awaken Traill's love for Sally, whose nobility and sweetness re-unite them in happy wedlock.

SCREEN TOPICS

RUTH TURNS AMAZON.

Ruth Chatterton is about to take on the accouterments of Joan of Arc, the Queen of the Amazons, or some other warlike lady. Reason is that she wants to start a crusade against all the rumors of divorces in movieland. She has been a sufferer from the gossip that she and George are separating, and she takes occasion to remark that there is absolutely nothing to it, that they are more in love than they ever were, and that the silly talk all started because she went to a health resort alone for a few days.

A NEW DEAL FOR GILBERT

Greta Garbo doesn't forget a favour and so John Gilbert gets a deserved "break." That's one of the nicest things about the news that John, at Greta's request, is her leading man in Queen Christina, for Hollywood too often forgets reciprocity.

Greta says John was responsible for her first real "break" in American films. Through her efforts he has been given a new long-term contract by M-G-M to act, write and direct. Hollywood believes he would still be the big romantic favorite of the screen if he had been given a few good "breaks" during the past few years—instead of the other kind.

BUSTER REATON TO RE-MARRY HIS WIFE.

Buster Keaton, the film comedian, has applied for a licence to re-marry Miss Mae Scrivens Hawley.

They were previously married in Mexico in March before Mr. Keaton's divorce from Miss Natalie Talmadge was final.

He explained at the time that while his marriage was legal in Mexico, it was probably not legal in the United States. The divorce decree, however, was pronounced absolute in August last.

MUSIC HATH CHARMS

Mood music has come back. Clara Bow is responsible. She insisted that music be played between scenes to get her in the mood. Frank Lloyd said no; so, of course, Clara had her music. Now, on the set of "Hoopla," they have installed a huge gramophone and scores of records. Mood music used to be common in the silent days.

No one thought that in the era of talkies, music would be played between scenes, until the red-haired Clara asked for it.

"You see, I am very moody, and very responsive to music," explained Clara. "I need it to get into the mood I am to portray. When the set is gay or sad with music, I am a new person." So there.

STARS PROTECT SELVES.

Despite the federal Government's newly-launched campaign to rid the country of kidnaping gangs, the Hollywood stars are taking no chances.

Bing Crosby has hired Virgil F. Rose, an expert marksman, to protect his wife, Dixie Lee, and their new off-spring, while Charlie Chaplin, who now spends much of his time aboard his recently-acquired yacht, has had two machine guns mounted on the decks of the craft.

While Aviator Robert Handay's disclosures to the police of an alleged plot to kidnap Richard Barthelmess turned out to be a hoax, the authorities are continuing their vigil over Dick and his family.

Lilian Harvey and John Boles in the Fox film "My Lips Betray," commencing to-day at the Carlton Cinema.

MAID HAPPY AT EMPIRE

"Maid Happy" the British film showing this week at the Empire, is a blend of music, laughter and scenic beauty, which has been described as the biggest happiness film of the year. Directed by Mansfield Markham, it was made at Elstree. The stars in it include Charlotte Ander, the beautiful new screen discovery; Marjorie Mars, who here makes her film debut; Dennis Moey, the popular British actor and Miss Sybil Groves.

The two songs in the film, entitled "Everything's Been Done Before' and 'Thanks Very Much' are already great 'hits' wherever the film has been shown. The beautiful scenery in the film was shot on the shores of Lake Lucerne and the film, which opens in a cabaret, later moves to a finishing school in Switzerland.

"MAD CAP" AT IMPERIAL

"Madcap", which is being screened at the Imperial Cinema, is a comedy in which screamingly funny situations follow one after another in rapid succession. Ezra Mir, the veteran screen craftsman has written and directed this full length comedy Indian Charlie the hero of this picture, well deserves the role of a comedian. Bachoo, Mehboob and Khatoon also act well. Kamalabai's songs are catching. The production as a whole, is very creditable both to the director and the cast. Charlie's "dream" scene is a novelty.

Scenes from the spectacular musical extravaganza "Gold Diggers of 1933" which is certain to draw packed houses at the Capitol this week.

WEEKLY MARKET REVIEWS

(From Our Special Correspondent.)

Bombay, Nov. 10.

MONEY

Conditions in the money market were very easy during the week and call funds were available at about 1/2 to 3/4 per cent. The latest statement of the Imperial Bank shows an increase of some Rs. 47 lacs in Other deposits and a decrease of about Rs. 120 lacs in Public deposits. Government have repaid to the Bank Rs. 50 lacs, thus reducing their total borrowings to Rs. 6 lacs for Ways and Means. The trade demand shows a decrease of Rs. 94.18 lacs. Maturities during the week amounted to Rs. 150 lacs, while renewals were in excess by Rs. 10.75 lacs being the amount of intermediates sold. The average rate of borrowing was Rs. 1.11.2 per annum as against Rs. 1.9.10 a week ago. The following are the fixed deposit rates:—One to three months 1½ p.c. Six months 1½ p.c.

IMPERIAL BANK

The Statement of the Imperial Bank of India as on November 3, 1933 shows a decline of Rs. 199.55 lacs in the cash balance of the Bank now amounting to Rs. 22,15,82,000 as compared with Rs. 25.20 crores this time last year. The percentage of cash to liabilities is 25.79, a decrease of 2.07 pic. under last week. While Loans are up by the small figure of Rs. 5.08 lacs, cash coedits and Inland bills discounted are down by Rs. 23.09 lacs and by Rs. 30.69 lacs respect'vely. Government deposits stand at Rs. 5.93 crores and Other deposits at Rs. 78.74 crores. The Bank rate is unchanged at 3½ p.c.

GILT EDGED MARKETS.

Gilt-edged were firm during the week though there was some reaction towards the close on profit-tak'ng and sales by Calcutta operators. The announcement of a new Government of India sterling loan in London had a salutary effect on the market. 3½ p.c. Paper after opening at Rs. 82-6 rose sharply to as high as Rs. 84, but reacting to Rs. 83.4, advanced again to Rs. 83-14, but relapsed and closed at Rs. 83-5. 3½ p.c. Loan due 1947-50 rose from Rs. 92-5 to Rs. 93-4 and it is reported that purchases were being made for sinking fund. 4 p.c. 1960-70 loan gained about 7 annas to Rs. 98.9. 4 p.c. 1934-37 Loan is quoted at Rs. 101-2 and 1943s at Rs. 101.8. 4½ p.c. 1955-60 Loan improved to Rs. 105-4 and 1934 bonds to Rs. 101-11. 5 p.c. 1939-44 loan were maintained at the last closing, finish'ng at Rs. 105.12. 1940-43 loan closed at Rs. 105-11 and 1945-55 loan at Rs. 114. 5½ p.c. 1938-40 loan kept steady at Rs. 107-7. 6½ p.c. Bombay Development Loan showed a small rise to Rs. 107-6, while 6½ p.c. Treasury Bonds were unchanged at Rs. 106-12.

The New Loan was favourably received in this market. The terms obtained by the Government of India for their borrowing in London for a period of 21/25 years at an yield percent of 3 3/8, are considered highly satisfactory. Furthermore this borrowing will strengthen the sterling assets of the Government since they have not been able to buy any sterling for several weeks past. The fact that the loan has been oversubscribed so quickly reveals that India's Credit in London market remains high and there exists great confidence in the soundness of her financial position.

EXCHANGE

Sterling exchange rates were easier this week Ready T. T. after opening at 1/5-31/32 for sellers and at 1/6-1/32d for buyers, declined gradually at the end to 1/5-29/32d and 1/5-31/32d respectively. Speculative purchases of sterling for forward deliveries and the almost complete absence of fresh business in connection with the export of gold account for the present weakness. Merchandise export bills also were scarce. In the forward market the following rates obtained:—Dec/January 1/5-29/31 to 31/32; February 1/5-16/16; March 1/5-7/8; April/May/June 1/5-27/32 to 29/32

The dollar sterling quotation improved from doll. 4.84½ to doll. 5.13. The London-Paris cross rate moved erratically between 31.21 and 79.56, the closing being 81.15. The Belga finished at 22.78 and the Italian lira at 60.40.

GOLD

There were narrow fluctuations in the gold market with a steady undertone throughout the week. A fair amount of business was done locally Foreign interests operated both ways, but were sellers on balance. The quotation for ready after opening at Rs. 32-15 declined to as low as Rs. 32.11.6 but improving to Rs. 32-14-6 finished again at Rs. 32-11-6 per tola. This being the settlement week arrivals from upcountry were fair-sized. The quotation for sovereigns closed at Rs. 20-11-6 for ready and Rs. 20-11-9 for forward. In London the price of gold after declining from 133/2 to 129/11½ improved and closed at 130/11. Last week's shipment of gold amounted to Rs. 23.50 lacs per s.s. "Kaisar-i-Hind." The daily offtake is unchanged at about 2000/3000 tolas and stocks on hand approximte some 3 to 4 lacs tolas. The highest and lowest rates in our market were Rs. 33-0-3 and Rs. 32-11-6 for ready and November 5 settlement; Rs. 33.1.0 and Rs. 32-11-6 for December 2 settlement and Rs. 32-15-6 Rs. 32-13-0 for January 2 settlement. The total imports during the week amounted to Rs. 64,503 in bar and coin.

SILVER

Silver was devoid of interest and price fluctuations were within the narrow range of some 3 to 4 annas per 100 tolas. Ready after opening at Rs. 56-14, declined to as low as Rs. 56-11. but closed at Rs. 56-13. In Shanghai the dollar moved between 1/3-11/16d and 1/3-5/8d. The highest and lowest rates in London were 18-5/8d and 18½d for ready and 18-3/4d and 18-9/16d for forward. The volume of business transacted was small and mostly in the nature of carry overs' this being the settlement week. The daily offtake averaged at a low level of 20 bars, while stocks on hand approximate to 9000 bars. The highest and lowest rates in the local market were Rs. 56-14 and Rs 56-11 for ready. Rs. 56-15 and Rs. 56-12 for November 7 settlement and Rs. 57-2 and Rs. 56-14 for December 7 settlement The total imports during the week amounted to 298,265 in coin.

SHARES

The share market continue to remain closed to dealings for forward delivery. It is expected that the trading will be resumed to-morrow There was some enquiry in shares that are dealt in for cash delivery and the following are the closing quotations:—Luxmi Cotton Rs. 768-12; Tata 2nd Prf. Rs. 100; Bombay Burma N. I. Rs. 123-12 and Scindia Steam Rs. 9/3. Among Railway shares Ahmedabad Prantij is quoted at Rs. 770 and Taptia Valleys at Rs. 716/4.

Imperial Bank (fully paid) shares improved to Rs. 1235 and Contributories to Rs. 305. Bank of India shares kept steady at Rs. 102 and those of the Central Banks at Rs. 23/8.

SERVICE TO HUMANITY

Gandhiji Stresses Need For Harijan Uplift

NAGPUR, Nov. 9.

Mahatma Gandhi addressing the members of the Nagpur University Union this evening earnestly appealed to the younger generations and students in particular actively to help the Harijan uplift movement. He said that the movement represented service to humanity. It was humanitarian work and deserved the active support of students particularly; for, after their educational career ended their worth would not be measured by their eloquent speeches but by the amount of constructive work that they would be able to turn out.

Proceeding Gandhiji referred in appreciative terms to English missionaries in villages. He concluded by saying that for conducting the Harijan uplift movement the active intelligence of workers and not money was necessary. He hoped to transmute his dream into reality to the extent that was possible.—A. P.

Claimants To Afghan Throne

Section Of Public Opinion Favours Return Of Amanullah

PESHAWAR, Nov. 9.

Lorry traffic was open to-day as usual and all remains quiet at present in Afghanistan but informed circles anticipate another period of disorder in view of the multiplicity of rival claimants to the throne.

WAR MINISTER'S POSITION.

Shah Mahmood, War Minister, who is believed to be instrumental in proclaiming Zahir Shah as the new King, occupies a strategic position.

Hasham Khan, Prime Minister, who is at present away from the Afghan Capital touring in the northern provinces has not yet disclosed his hand.

"CONQUEROR OF AFGHANISTAN"

Shahwali Khan, the Afghan Minister in Paris and "Conqueror of Afghanistan" in 1929, and Ghausuddin of the Ahmedzai Gilzai tribe are credited with the intention to seize power, while a section of public opinion favours ex-King Amanullah's return.—A.P.

"BY STEPPING INTO THRONE HIMSELF"

Nadir Succumbed To Man's Eternal Vanity, Says Sir A. K. Guznavi

CALCUTTA, Nov. 9.

Referring to the murder of King Nadir Shah Sir A. K. Ghuznavi member of the Excutive Council, Bengal Government, said that only the other day on their return from Afghanistan Sir Mohamed Iqbal and his associates told us that if those at present in power were given an opportunity of working in peace for another ten years the future prosperity of Afghanistan was assured.

From the country's view point nothing was more deplorable than the assassination of King Nadir. When King Nadir took the field against the "Water Carrier's Son" at the head of loyal troops sanguine hopes were raised that Amanullah would be restored to the throne of his fathers. But at the moment when Nadir Shah earned the world's applause for playing the part of a great Warwick, he succumbed to man's eternal vanity of stepping into the throne himself.

Nevertheless, by judicious and tactful handling of the situation, he evolved order out of chaos and it was hoped that a further period of peace and progress was ahead.

PERPETRATED IN PREMIER'S ABSENCE

Is Assassination Of Nadirshah Pro-Amanullah?

NEW DELHI, Nov. 9.

There is general regret in all quarters here, whether official or unofficial, at the assassination of King Nadirshah, whose reign was not only proving beneficial to the country, but was giving India a friendly and enlightened neighbour.

A high British official, who has been a counsellor at the British Legation in Kabul said, "We have been fearing that this might happen for some time now, owing to the bitterness among the factions in Afghanistan." He added, "It is impossible to predict where events may lead to."

IN PREMIER'S ABSENCE.

It was significant that the assassination took place during the absence on tour of the Premier, the Foreign Minister and the Minister for Commerce. The Premier was a half-brother of the ex-King, who was strong, able and honest and who might be relied on to support the ex-King's son loyally. The new King was a nice, well set up youth of 21, inexperienced but premising; "a real chip of the block of his father, who was the finest fellow."

IS IT PRO-AMANULLAH?

Pending further news it is impossible to say whether the assassination was necessarily pro-Amanullah because the anti-Government party is chiefly concerned with the downfall of the present dynasty and may back any alternative strong man for the throne.

The Afghan-Consul-General, interviewed was visibly upset and declared, "King Nadirshah's death is a great loss to the country, which needed a long period of quiet under a steady and progressive rule such as was existing in Nadirshah's time.' He added that whatever changes might take place in the future the existing friendly relations between Afghanistan, India and Britain would continue.

ALL QUIET IN KABUL.

The Consul-General's office is receiving numerous messages of condolence. The Government of India is now in touch with the British Legation at Kabul. So far, all is reported to be quiet in Kabul.—A. P.

CLOSURE OF KHYBER PASS ORDERED

NEW DELHI, Nov. 10.

The Government of India has ordered the closire of the Khyber Pass for outward traffic as a precautionary measure in the event of any trouble.

All is quiet on the Frontier at present.—A.P.

"GREAT LEADER & STAUNCH ALLY"

LONDON, Nov. 10.

Tributes were paid to the memory of late King Naridshah at the dinner given by Mr. A.H. Ghuznavi in honour of Lord and Lady Linlithgow, at the Carlton Hotel.

Mr. Ghuznavi, proposing the toast of health of the chief guests referred to the grievous tragedy, which weighed the hearts and minds of Moslems throughout the world and said, in the death of King Nadirshah, Islam lost a great leader and Britain a staunch ally.

The assassin's stroke left the world poorer.

Lord Linlithgow replying associated himself with Mr. Ghuznavi's tributes to the memory of late King Nadirshah and said, the dreadful crime stunned Afghanistan, Britain and the whole of the Moslem World.—Reuter's Special.

LITVINOFF-HULL CONFERENCE

WASHINGTON, Nov. 9.

The foundations of the Soviet-American understanding with regard to the diplomatic economic relations were formulated during a two-hour conferenece between M Litvinoff and Senator Hull to-day. The basis of agreement will be presented to President Roosevelt late in the afternoon.—Reuter Special.

ANXIETY FOR SAFETY OF TURKS

ISTANBUL, Nov. 9.

The news of the assissination of Nadirshah made a very profound impression.

Fears are felt for the safety of many Turks serving in the Afghan Government in the event of a revolution after the assassination.

The mother-in-law and other neor rtlatives of ex-King Amanullah living in Instanbul are hoping that he may be recalled to Afghanistan but official circles do not believe he will be recealled or wish him to be.—Reuter.

FRENCH BANK'S GOLD RESERVES SHRINK

PARIS, Nov. 9.

The Bank of France's gold reserves shrank over a milliard trancs between Ott. 20 and Nov. 3 but note cover for various reasons increased from 79 point 11 to 79 point 60 per cent.

The flight of gold to foreign capital is expected to continue till the budget is balanced but financial authorities are optimistic with regard to the stability of franc on gold.—Reuter Special.

DELHI
11th Nov. 1933

Today is the fifteenth anniversary of Armistice Day. Again as C in C. in India I ask for contributions to the funds for those who served and suffered in the service of their Country.

The support accorded to the Poppy Day appeal in previous years on behalf of British ex-Service men, their dependants & ex officers, makes me feel sure that the public have appreciated the work done by the Ex. Services Association of India and Burma.

Only the continued support of the public permits the Association to continue to relieve the great amount of real distress which exists.

In India the lot of the unemployed ex. Service man is peculiarly difficult, and but for the help given by the association, would often be desperate.

For education alone, some 365 Children are wholly or partly defrayed out of the association for school fees. Last year over Rs. 2,36,000 were spent on calls for help from those out of employment, through no fault of their own, for repatriation to the United Kingdom or for medical & surgical care.

I appeal, on this day of remembrance to all to contribute as generously as their means permit, to the support of those who helped the Empire to Victory, & now suffer as they formerly did.

Contributions can be sent to any local Branch of the Association, or to the Headquarters Ex. Services Association, New Delhi.

—Philip W. Chetwode
Field Marshal

REMEMBER GLORIOUS DEAD

Observe Two Minutes' Silence To-day At 11 a.m.

The Director of Information, Bombay writes:

His Imperial Majesty the King Emperor has this year again expressed a wish that throughout the Empire, the 15th anniversary of the Armistice should be marked by the a momentary pause for reverent remembrance of the glorious dead, to take place at 11 A. M. Railway Time, on the 11th November. His Majesty also desires that all Christian churches should hold their Services at such hours as will enable two minutes' silence to take place during Service at 11 A. M.

CITY ARRANGEMENTS.

In order that all should be enabled to observe simultaneously this moment of solemn silence, the following arrangements have been made in Bombay City. At 11 A M. Railway Time, guns will be fired from the South end of the Oval near the Cooperage and near the Grant Road Station. For the North of the Island certain mills will be asked to blow a prolonged blast on their syrens. On these signals it is hoped that all locomotion and movement in streets, in factories, schools and offices will instantly cease and remain suspended for the space of two minutes. On the tramway system cars will be stpped. Rail and water transport need not, however, be suspended.

DEBT TO THE FALLEN

As on previous occasions, His Excellency the Governor of Bombay confidently appeals to all organisations controlling labour and shipping to give wide publicity to His Majesty's wishes, and to assist in making impressive this reverent acknowledgment of our debt to the fallen.

HELP THE EX-SERVICE MEN

Appeal For Public Support

The following appeal has been issued for British Ex-Officers and British Ex-Service Men, Ex-Service Association India and Burma:—

On Armistice Day an appeal is made to all to help British Ex-Officers and British Ex-Service men who having served their country are now in distress, by giving a donation to the Ex-Services Association, India and Burma.

The Patron of the Association is the Viceroy, the President is the Commander-in-Chief and the Chairman of the Executive Committee is Lieut.-General Sir Walter S. Leslie, Adjutant General in India.

The calls on the Association continue to be heavy and it is necessary for it to renew this year its Armistice Day Appeal to enable it to continue undiminished its labours of which the end is not yet in sight.

The Association gratefully acknowledge the generous support given in past years to its Armistice Day appeal, and ventures to hope this year the support will still be maintained over the level of 2 lacs.

Any offers for employment for British Ex-Officers and British Ex-Service men will be most gratefully received by the Association.

Contributions however small will be gladly welcomed and should be sent to any local Branch of the Association or to the "Headquarters Secretary Ex-Services Association Army Headquarters, New Delhi."

(From Our Correspondent)

NAGPUR, Nov. 10.

Just when the auction of articles presented to Gandhiji was in progress at the University Union, a couple of eggs were thrown from the gallery at the dais where Gandhiji was seated. A vigorous search for the offending party was instituted, but without effect.

One of the eggs hit a lady seated behind Gandhiji, spoiling her 'sari.'

HOARE'S FAILURE

It is difficult to understand the attitude taken up by Sir Samuel Hoare in his answer to a question in the Commons by Mr. David Grenfell, whether the Government would suspend the Ordinance Acts and release the detenus. Mr. Grenfell must obviously have meant the Civil Disobedience prisoners who are still in jail, and not the detenus under the special repressive measures in Bengal. Sir Samuel was as intransigeant as ever and refused to budge from the position he has taken up all these months, and again referred to Gandhiji's statement and repeated what he had already stated so many times before. The result of it all was that he declined to reconsider the position in the light of the events that are taking place to-day.

It is clear that the Government are determined to follow their so-called "dual policy" to the bitter end, whatever the consequences. It is ridiculous for even Sir Samuel Hoare to refer to Gandhiji's refusal to withdraw the C. D. movement. Mass Civil Disobedience has already been withdrawn and the Government know that individual Civil Disobedience has been a failure. The Government have themselves publicly stated it times out of number. If there is no important "subversive" movement in India at present, what prevents the Secretary of State from withdrawing the Ordinances and releasing the prisoners?

DISMAL FAILURE.

The Secretary of State should know that it is his obstinacy more than anything else which keeps the Civil Disobedience movement alive to-day. From the figures published by the Government of India it is evident that the number of prisoners in Indian jails is steadily going down, as there has been very poor response in the country to the call of individual Civil Disobedience. If the Government were wise, they would have taken this opportunity of withdrawing the Ordinances at once and thus brought about a rapproachment between Gandhiji and themselves.

As every one is aware Sir Samuel's notorious "dual policy" has failed dismally and even the few supporters it had in this country now despair of any improvement in the political situation. Sir Samuel's evidence before the Joint Parliamentary Committee has more than anything else exposed the hypocrisy and futility of the White Paper policy, and in a few days we shall hear something from the M.L.A.'s who are now gathering at Delhi. If Sir Samuel is unable to please anybody, whether Extremists or Moderates by his "dual policy", is there any sense in pursuing it any further?

DELIBERATE MISREPRESENTATION.

We are not surprised at the fulsome tribute paid by Sir Hari Singh Gour at one of the banquests, which are now held almost daily in London in honour of the work done for India by the Secretary of State. The Nagpur knight who is an adept in paying meaningless and flatulent compliments said that the name of Sir Samuel Hoare would live in history as the author and protagonists of a policy which had resulted in a "united India." This is a deliberate misrepresentation. His policy has only united India in its opposition to the reforms which he seeks to palm off on this country, as a great constitutional advance.

Sir Harisingh was, perhaps, referring to the unity between British India and the Indian States which may be brought about after the Federation. Is there going to be any Federation at all, and will it be to the advantage of this country? The Federation contemplated is a mockery, for it will concentrate all the real power in the hands of Princes, the Government nominees, foreign Capitalists, and reactionaries. The position of this country will be even worse after the Federation than it is now.

SUPER-DICTATOR.

Sir Samuel Hoare, in replying, referred to the passion for dictatorship shown in many countries. What do we have now in India, and what is it that we are going to have after the W. P. constitution comes into force. Is not the future Governor-General going to be a greater dictator than Mussolini and Hitler rolled into one, with powers for good or bad over a larger country and vaster population than those two dictators can ever hope to have under them?

Is there any trace of democracy anywhere in the whole White Paper. Sir Harisingh knows this well enough, and yet he persists in misrepresenting facts in London. It is now the turn of Mr. M. R. Jayaker and his other friends to acclaim Sir Samuel Hoare as the great Liberator of India who gave her Swaraj! When Indian politicians in London lose all sense of proportion and their self-respect, patriotic Indians must expect them to utter such twaddle at public functions for their personal benefit.

An Impossible Claim

Mir Maqbool Mahomed, Secretary to the Chamber of Princes' Delegation to the Joint Select Committee, is at great pains to show that the Princes have in no way betrayed the cause of Reforms or been guilty of a change of front towards the Federal scheme by their recent insistence on the right to secede from the Federation. He does not say that the Princes do not really insist on this right but argues that they have always claimed it and that, therefore, the charge of betrayal or change of front cannot be levelled against them.

The Princes have certainly advanced from the very outset all conceivable claims and it is naturally difficult for them now to set up a new claim. But the pertinent question is not whether they have been consistent in their demands but whether any particular demand is reasonable. And the right to secede whenever they please is anything but reasonable.

The analogy of Burman's claim of the right to secede is hardly logical in the case of the Princes. Historically and geographically Burma is a distinct country but its close connection with India for the last many decades entitles it both to the right to join the Federation and also to the right to secede from it on conditions previously agreed to. But the Indian States, though arbitrarily separated from India by the accidents of history and a policy to keep India as divided as possible, form an integral part of India from every point of view. Recent history, of course, gives them the right to join or not to join the Federation, though in justice that right belongs to the States people. But to give the Princes the right to secede at will, would be to play with the constitution and the destinies of millions of people.

It is quite immaterial what the Princes have consistently demanded or what Sir Samuel Hoare himself may have admitted at any time. We can quite understand the provision for secession under exceptional circumstances with the consent of all the parties concerned. But the foremost condition in any such case should be the will of the State people concerned.

Work For The Bill

The Bombay Government have published the Temple Entry Bill and invited opinions on it not a day too soon. They will receive opinions till April 30 next, which gives plenty of time to reformers to educate public opinion further in support of the Bill and to bring home to Government the urgent need for its enactment. Indeed it would have been much better if the period for circulation had been reduced so as to ensure earlier legislation. But as Gandhiji himself has tolerated Government's dilatory tactics, the reformers may well turn the tables against them by canvassing irresistible support for the Bill during the long period before them.

The Director of Information's press communique on the subject, though it does not give the full text of the Bill, makes it clear enough that the measure does not make temple entry obligatory on the trustees of temples irrespective of the wishes of the people but is only a permissive piece of legislation. It leaves the question of entry to any excluded Hindu community to be decided by Hindu voters in the locality concerned.

The full text of the Bill is published in Thursday's "Government Gazette" and copies of the Bill, both in English and vernacular, will be available free of cost from the Manager, Government Central Press, Bombay, on application within two months.

It is up to reformers to give full publicity to the measure and canvass support for it in every possible way. It will not do for them to be passive in the matter in the hope that their cause is just and must triumph by its own merits. Where votes are concerned and speedy results are desired, active agitation is essential, and often enough the prize goes to the best canvasser. Thanks to Mahatmaji's tour in the service of Harijans, the time is most propitious for pro-reform propaganda. Only, the reformers should be up and doing. It is the special duty of the Servants of Untouchables Society to take the lead in the matter in every province and every district.

How To Re-adjust

"We stand exactly where we did thirteen years ago," observes Mr. Sachchidananda Sinha, rather gloomily, while reviewing the course of political events in India in his reply to an address presented to him by Bhagalpur citizens a few days ago. India, he said, has not advanced to any appreciable degree, since the dyarchical Montford reforms came into force, towards a completely self-governing constitution for herself; long and protracted discussions which have brought forth the White Paper scheme, have gone into waste. If realisation has come to men of Mr. Sinha's way of thinking, that the country has not made any constitutional progress and cannot hope to make any, by working the White Paper reforms, they should not be chocked off with the cheap sarcasm: "We told you so!" Rather would it be advisable to weld together all the critics of the White Paper reforms, whether they are disillusioned Liberals or disorganised Congressmen, by a common aim to resist the White Paper imposition. If the interests of the country demanded certain re-adjustments in political tactics, nothing should be permitted to stand in the way of organising that united front.—"Hindustan Times."

Not Yet .....

Councils are yet a long way off. They may prove to be a useful instrument, one among many, in furthering a united organisational programme of work. On the other hand, they may turn out to be utterly worthless. Why this exclusive insistence on them? Why this rush to brood over and hatch the eggs—and even count the chickens—when the eggs are yet nowhere in sight, much less is there anything known about them? And why do all this at the point of a pistol directed at the Indian National Congress? Propaganda in favour of "Council Entry" or, for that matter, anything else—is not objectionable. But propaganda must not include preparations for defiance, secession and split in imaginary anticipation of Congress ban on Councils. Unity is more valuable than disunity.—"National Call."

Topsy-Turvydom ...

It is Gandhijee and the Congress that have been of late the butt of cheap and ill-mannered gibes on the part of Mahasabhite leaders whose political wisdom and courage are to be measured by their attempted stampeding of the community into the paths of futile and almost dishonourable co-operation. The irony of it lies in the fact that, unlike Dr. Shafaat Ahmad and Co., who do not know what freedom means and do not care to know what it will mean, Bhai Parmananda believes in freedom and has no hesitation in asserting that all work in connection therewith is the sole concern of the Congress. But although, has been in fact consistent in promoting a truly national settlement, has made no fetish of communal unity as a condition precedent to the achievement of freedom, it need must be reviled and castigated by Bhai Parmananda and his satellites all of whom profess freedom as their objective. Surely, this is topsy-turvydom with a vengeance. We have no doubt there is sanity enough in the community to be careful in examining the credentials of the many who have of late been flocking round the Mahasabha with obvious motives and intentions.—"Searchlight."

THE HISTORY BEHIND IT

Thana Municipal Councillors Flout Voters' Wishes

From "A Citizen".

How misplaced confidence in candidates promising to represent the interests of the voters, whose wishes they flout, leads at times to an unpalatable state of affairs, has been well depicted by the crisis that has been reached now over the decision of the Thana Municipality in presenting a farewell address to His Excellency Sir Frederick Sykes, the outgoing Governor of Bombay. To the utter resentment of the ratepayers, the Municipality votes an address. How amazing!

It will be interesting to observe, from the reports that are current, that there is a history behind this detrimental move of the Municipal Councillors; and the question of questions is, how did this idea originate? The answer is an interesting one.

COLLECTOR'S SUGGESTION!

Sir G. B. Pradhan, ex-Finance Member of the Government of Bombay, proposed an "At-Home" to His Excellency Sir Frederick Sykes, who accepted the invitation and the function is to come off on Friday, 17th November, at Thana. The Collector of Thana District, it is reported, taking advantage of the Governor's appearance in his District, wrote to the Presidents of the Local Board and the Municipality, inquiring whether their respective Bodies would embrace the opportunity of honouring the Governor with the farewell addresses.

While the President of the former body expressed inability for reasons of financial weakness, the President of the latter called an urgent meeting of the Councillors when the proposition voting a farewell address was passed. Since the passing of this resolution which indicates how zealous are the members of the Thana Municipality over the mania of addresses to the Governors, the citizens of Thana have practically risen in "revolt" against this sycophantic move. Voters and citizens from all the six Wards of Thana mustered strongly in the public meetings when resolutions protesting against the decision of the Municipality and expressing their strong displeasure, were unanimously passed.

VOTE OF CENSURE.

A number of resolutions, which were passed in the meetings includes one which brings a direct vote of censure on the elected members of the Municipality, who seem to have been determined in stampeding the wishes of their electorates, who now appear to have realised the hollowness of sincerity and the betraying of their cause at the hands of those who are supposed to watch their interests when elected to represent them in the civic affairs of the town. Candidates begging of votes at the time of elections must have made even professional beggars hang down their head with shame!

In face of the furious opposition from the citizens, the Municipal Councillors are fighting tooth and nail to carry out their devotion of honouring the Governor and that too in the name of the public, who look upon the regime of His Excellency Sir Frederick Sykes as not in any way a bright period in the history of the Governors of Bombay; when the proclamation of Ordinances was the order of the day, thousands of youths were incarcerated and unduly harsh treatment was meted out at the hands of the jail authorities' and the last but not the least, when hundreds of women were treated in an uncivilised fashion by removing them from the Bombay City and leaving them uncared for in the jungle of Vikroli.

THE DAY OF DOOM.

The citizens' repentance in making a wrong choice for guiding the civic destinies of the town reminds me of an old English proverb: "To shut the stable door after the horse has been stolen". Their misjudged representatives are now occupying comfortable seats in the Municipality, flouting the wishes of the

Frankly Speaking

CHARACTERISTIC.

Those who hoped to the last that for once the Bombay Government would rise above considerations of red-tape and prestige and release Sardar Vallabhbhai Patel so as to enable him to attend the funeral of his brother now realise that they should have known better.

Justifying their refusal to release him, the Government say that the Regulation under which they have imprisoned him does not provide for a temporary release. Yet they offered to release him temporarily on condition that he gave an undertaking not to take part in any political activities while at liberty and also surrendered himself at an appointed time and place with a view to his re-arrest.

These are impossible conditions for any self-respecting person, let alone, a Congress President, and there could be no question but that the Sardar would spurn them unceremoniously.

It was the easiest thing in the world for the Government to release him unconditionally and then re-arrest him whenever they thought necessary, had they chosen to be generous.

AMANULLAH AND AFGHANISTAN

The attempts to throw mud at Amanullah by the late King Nadirsha's partisans must be deprecated. Nadirshah had been living very dangerously all these years and doing away with his opponents on a large scale.

Amanullah's statement, that he was not going to leave Rome until there was a definite demand that he should return, is characteristic of him. It was because he refused to shed the blood of his own people for his personal ambition that he had to go away.

When Amanullah passed through India on his way to Europe he proved himself to be extremely popular with all classes of Indians owing to his bonhomie, his simplicity, his outspokenness, his honesty of purpose, and his zeal for reform.

But these are the last things which are likely to make him the favourite of the reactionaries in India, and we are not surprised that some Anglo-Indian papers openly connect him with the murder of Nadirshah.

Amanullah himself has been frank enough to express his opinion publicly and it should give the quietus to all sorts of base insinuations.

EASER OF TWO EVILS

According to a New York telegram the United States administration is busy preparing itself for the official repeal of the Prohibition Act on December 5, the necessary majority of votes in favour of such a step having been announced a day or two ago.

This ought to bring a large increase to the State revenue and Mr. Roosevelt wants all the money he can get for many of the schemes he has undertaken since he came into power.

Already preparations are going on for the manufacture of whisky on a large scale. This measure should be the final death blow to bootleggers and Chicago gangsters who prospered greatly on illicit traffic.

The question is whether the repeal of Prohibition will not have harmful effects on the population of the United States. But since crime was increasing rapidly, there was a strong reaction against Prohibition, and they preferred the lesser of the two evils.

Even now those States which have not voted "wet" will be at liberty to continue Prohibition within their own boundaries.

M.L.A.'s PERTURBED

Our Simla Correspondent wires that the M.L.A.'s are very much perturbed over the Secretary of State's evidence before the Joint Parliamentary Committee about discrimination.

Some of them are even asking, we are told, why Mr. Jayakar and Mr. Zafrullakhan are still sticking to their seats, when they could as well walk out.

We can only hope that the Assembly will give no rest to the Government till the whole position is made clear. What Indians feel more than anything else is the treatment they receive in the British Dominions, which is far worse than in any other country in the world.

How then is it possible for them to agree to give preferential treatment in India to those very people?

Sir Samuel Hoare may not be able now to appreciate such feelings, but he must be made to do so.

RIVAL ADDRESSES

From "Pauloo."

Having read, with interest, the excellent letters of "One who knows," Mr. Terence Nunes, "Welfare" and Mr. F. D. Melton in your issues of the 3rd, 8th and 10th inst., I am inclined to say more in connection with them to explain the origin of the trouble.

It is well known that certain public spirited and patriotic members of the East Indian Catholic Community of Bombay, Salsette and Bassein started a movement for having the bulk of the community tranferred from the Diocese of Damaun to the Archdiocese of Bombay. One of them brought in Mr. Joseph Alex Dias, into it and through the influence of the said patriotic members Mr. Dias came to the Secretaryship of the Bombay East Indian Association, established as everyone knows during the celebration of the Golden Jubilee of the reign of Victoria the Good.

He was made too much of. During his Secretaryship the Association suffered in prestige, utility, activity and usefulness. His attitude alienated many. What is called the East Indian Federation is but a revolt from the Association. When he lost not without reasons, the Secretaryship of the Association which he had imagined would be his monopoly till the natural term of his life, he fraternised and schemed with Federalists. To be brief things went from bad to worse. They necessitated the intervention of the High Court for the rectifying of the irregularities and putting the Association to rights. For the rest I refer to the plain speaking of Messrs. Terence Nunes and F. D. Melton and "One Who Knows."

The calling of the so-called meeting of the East Indian Catholics on Sunday, the 5th inst., to give addresses to out-going and in-coming Governors is, as thus will be seen, evidently an outcome of spite of the Association. It is well-known that certain malignant spirits have sought every opportunity and occasion to misrepresent, in and out of the press, officers and leaders of the Association and cause misunderstandings. I hope better counsels will prevail and they will act up to the sound advice of Mr. Melton. It is a sad commentary that while the Editor of the "Standard" ranges on the side of the Bandra address clique, while it professes to speak for the East Indians, Mr. Terence Nunes, the Editor of the "Gem", who does not make such a hollow pretension, is for truth, righteousness and the best interest of the Community.

"Small Fry"

From "An Observer."

I think thanks are due to you and Mr. Terence Nunes, from the Bombay East Indian Community as a whole and the officials of the Bombay East Indian Association in particular for letting the public know the true facts of the case and "Who's Who" of the alleged public meeting of the community on Sunday last. I say advisedly about your service, for, while Bori Bunder announced the meeting in question and published its own correspondent's version of it, it has closed its columns to the other side representing the interests of the community, thus repudiating the principle, "audi alteram partem," whether through the influence of its "own correspondents", said to be Messrs. A. V. Misquitta and J. R. Crasto, two of the conveners of the aforesaid meeting I cannot say.

Apart from all this, it is regretted that, while the community is buried deep in illiteracy, ignorance, superstition and poverty and its condition calls for improvement, and that men of good will and good heart are working selflessly for making the Association a live and beneficent force for the welfare of the community, a small fry, animated by the energy of an evil spirit, is carrying on a propaganda of misrepresentation in certain quarters against the Association, its leaders and well-wishers,—but thank God they are discredited by the community and so to say black-marked.

The Beggar Problem

Mr. N. Subramaniam, 41A Bruce Street, Fort, Bombay writes:—"Will Mr. Sadanand C. Mhatre please give me his address, so that I may be able to personally discuss the subject-matter of his suggestion made in his letter, which appeared in the issue of your paper of the 3rd instant?"

KURLA PROBLEM

From "A Motorist"

Apropos the suggestion of the Kurla Municipality to present an address to H. E. Sir Frederick Sykes, I think it will be a problem for the Executive to find the Rs. 2,000 required for the purpose.

As the finances of the Municipality appear to be far from satisfactory and as that body has just secured a year's lease of life, if the address is decided upon, the expenditure will have to be kept as low as possible. I therefore in my humble way make the following suggestion for the consideration of the Kurla Municipal Board.

The site for the presentation of the Address should be opposite one of the two Toll Bars at Sion Causeway or the old Kurla Road. The idea is that when a suitable shamiana has to be erected there will be considerable saving in labour charges, as the holes in both these roads are sufficiently deep to plant the Bomboo Posts and there will be no necessity to dig any more holes. Moreover, the breadth and the depth of each of the different holes in the road are sufficient to compel the passing traffic to go along very slowly so as not to disturb the ceremony in any way.

In accepting this suggestion the Kurla Municipality will not only save in expenditure but they will be able to show His Excellency the way they are maintaining the roads in their jurisdiction after recovering a rupee each from every passing Motor Lorry and Bus every day and realising a princely income from this source alone. Also H. E. The Governor will be enabled to see something practical of this Municipality and congratulate them on their wonderful management.

In case the Kurla Municipality do not approve of this suggestion I would request His Excellency to take a drive round the City, especially through the two Toll Bars mentioned above and enjoy the fun of jolting and tilting in his car. Of course he must instruct his driver not to reduce the speed below 5 m.p.h.

Plight Of School Teachers

From Mukund Desai.

In Broach for months Primary School Teachers did not receive their salaries. In various parts of the country even school teachers of the District Boards have not received their wages for several months, and the monthly salary of an individual varies from Rs. 1-8-0 to Rs. 8-0-0, while in towns the maximum standard of wages figure to an average of Rs. 20-0-0 per month.

Will someone take up the cause of these unfortunate teachers and save them from their lamentable plight?

M. C. C. Score 324 For Four Wickets

SOUTHERN PUNJAB INNINGS CLOSES AT 264

Townsend And Walters Knock Up 93 (Not Out) And 86, Respectively

SOUTHERN PUNJAB (1st Innings)	264
M.C.C. (1st Innings, for 4 wickets)	324

In the second day's play on Friday, of the match between the M.C.C. and the Southern Punjab, the home side's innings closed at 264.

The visitors had scored 324 for the loss of four wickets, when stumps were drawn for the day.

The most outstanding performance of the day was that of Walters who knocked up 86 in fine style. Townsend was the highest scorer of the day with 93 to his credit and still unbeaten.

AMRITSAR, Nov. 10

There was again a very large attendance when southern Punjab continued their innings this moring through their over-night not outs Mohd Saeed and Nissar to the bowling of Nichols and clark. Nichols began with a maiden over to Nissar, but at the other end Saeed playing as though fully determined to avail himself of the opportunity while it lasted scored four 2's in succession off Clark.

SAEED CAUGHT.

Saeed hit Nichols to the boundary reaching his 20, and Nissar too played in do or die fashion. After the innings had lasted twenty minutes to-day and 290 minutes altogether Saeed skied Verity (who had replaced Clark after he had bowled only one over), and was well caught by Barnett at mid-off. Nissar remained not out with six.

OPENING BOWLERS' HIT.

The M.C.C. commenced their innings at 11-30 a.m. with Walters and Langridge. Nissar opened the attack to Walters, who right from the start palyed as though he had already been batting for an hour. He at once scored 2's and 3's off Nissar, and faced Nazir Ali, who supported Nissar at the Garden End. In Nissar's second over Walters scored a four and a single, and Langridge 2 and four. 13 runs thus coming from the Lahore player's first two overs.

Nazir Ali was overpitching and Walters drove him successively to the boundary bringing up 33 on board after only 20 minutes' play. After bowling three overs for 12 runs, Nazir Ali was taken off at 34, in favour of Ghulam Nabi, and Nissar went off at 36, after bowling four overs for 22 runs. Barkat Ali coming in his place.

M.C.C. SCORE FAST.

Although not appearing to be in difficulties whatever against the new set of bowlers, the batsmen found them more difficult to score from, with the result that in the next ten minutes only two runs were scored. In four overs, of which two were maidens, Ghulam Nabi conceded only 5 runs, but Barkat Ali was more expensive and was taken off at 58, being replaced by Prithviraj, a slow right hand spin-bowler.

Langridge got a single off his first ball and Walters drove his next three successfully through the covers, getting two brilliant fours and a single. This typifies the game at this stage, runs coming off at almost every stroke.

WALTERS REACHES 50.

After 50 had been reached in 40 minutes. Walters hit away with exhilerating freedom, but without knowing exactly what he was doing. Prithviraj was keeping down runs and was kept on, but at the other end Nissar returned after a rest of 40 minutes. At the end of an hour's play, the score was 84 for no wickets. Walters then reached his individual 50 after he had been at the wicket for 65 minutes, but in the next ball the partnership was dissolved, Langridge being caught at the wicket off Prithviraj who had then given 17 runs in 2-1/2 overs.

Langridge had proved quite useful as the opening batsman in the absence of Bakewell.

Townsend joined Walters and in 24 minutes the pair added 40 runs of which Townsend made 22. It was evident that the batsmen were intent on laying the foundation of a big score and that quickly, probably with a view to leave sufficient runs for the Southern Punjab second innings on the last day. Play up to lunch was eventless and the pair were not out with 65 and 22 respectively.

AFTER RECESS.

On resumption, the Southern Punjab were led into the field by the Yuvraj of Patiala who acted as the Captain in the absence of his father. Roshanlal fielded as a substitute.

Nissar again opened and wrested a maiden-over from Walters. Prithviraj was able to keep the batsmen quieter than in the morning, although never looking like getting the wicket.

Walters sent up 130 with a neat leg-glide to the boundary off Nissar and after 20 minutes, play 150 was signalled.

The innings had now lasted 110 minutes this being much faster going than that of the home side yesterday. Ghulam Nabi came in place of Nissar and at once broke the partnership getting Walters caught in the slips off his second ball. Walters cut him straight into Nazir's hands at second slip.

WALTERS' FINE DISPLAY.

In scoring 86 out of the 158, scored while he was at the crease Walters had given a much brighter display than he did in making his 101 against Karachi last month. Always looking for scoring opportunities as though he was fighting against time, the Worcestershire captain had seven fours and a five in his score and his innings was altogether flawless (153-2-86).

Townsend who was now at 31 was joined by Barnett and from a spectacular point of view this pair proved even better than the last.

Barnett seemed to get his eye in almost immediately and hit Barkat Ali when he came on at 179 successively to the screen. Townsend actually found it difficult to keep pace with the Gloucestershire man who for some time scored faster than any previous M.C.C. batsman. When the second century of the innings was signalled after the innings had been in progress for just over 2-1/2 hours Townsend was 44 and Barnett 33 although when Barnett came in Townsend was 30.

TOWNSEND'S 50.

The third wicket fell just at the time when the bowling looked to be losing its sting. Townsend reached his 50 in 109 minutes and at 213 Nazir Ali came on for his fifth spell, he having hitherto given away 58 runs without taking a wicket.

In his second over he pierced through Barnett's defence and sent his off-bail flying. Barnett had made 39 out of 66 put on for the third wicket, and he had 6 fours among his chief hits. (243-3-39).

The Yuvraj employed frequent bowling changes for Human who next came in, but he played them all without being troubled in the least.

Shortly before the tea interval the M.C.C. passed amidst cheers, the Southern Punjab total of 264, which they had taken in less than 3½ hours to get, as against 290 minutes by the home side.

PATIALA BACK

The Maharaja of Patiala took the field again on the resumption. The wicket was still giving no assistance whosoever to the bowlers and the batsmen continued to have things in their own way. Human scored three fours in quick succession, and was within two runs of his 50 when he played with a cross bat to Ghulam Nabi and was bowled. (295/4/48).

Human was at the wicket for an hour and 20 minutes and hit five fours. His recent form had been most consistent and if he maintains his present standard of play he will present a problem to Jardine when the latter selects his team for the test.

Three-hundred was sent up by Valentine who batting very freely collected 10 runs during the time Townsend got one.

Stumps were drawn at 5 p.m. the score being 324 for four wickets.

TO AVOID MIS-UNDERSTANDING

(Continued from page 1)

ceremony, left immediately afterwards on being informed that the family regarded the ceremony as of a private character and not wish to have any speeches made.

Subsequently, on representations made to them apparently, the members of the family agreed to allow short speeches to be made, and Mr. Horniman was communicated with by telephone and invited to return.

He declined the invitation as he was not prepared in his capacity as Chairman of the Funeral Committee to speak by the grace of any individuals.

AVOIDING MIS-UNDERSTANDING

Mr. Horniman Makes Position Clear.

Mr. B. G. Horniman has issued the following statement to the press:—

"To avoid any misunderstanding, I think it desirable to make it known that I arrived at the Cremation Ground at 5-30 p.m. on Friday evening, for the purpose of being present at the ceremony and paying a brief tribute to the memory of the late Mr. V. J. Patel in my capacity as Chairman of the Funeral Committee.

"On arrival, I was informed, however, that the relatives of the deceased regarded the ceremony as being of a private character, and would not allow any speeches to be made. I went away, therefore, as I did not think it consistent with my position as Chairman of the Funeral Committee to be refused the right to deliver a short speech, nor did I agree that the ceremony could be or should be **anything but public nor was I prepared to admit the right of the nephew and niece of the late Mr.** V. J. Patel to dictate to the Committee on the point.

"I was later informed through the telephone by Mr. Dhyayabhai Patel that he and his corelative or relatives had agreed to withdraw their objection, and would consent to short speeches being delivered; and I was invited to return.

"I declined the invitation as I was not prepared, as Chairman of the Committee, to speak only by the grace of any individual or individuals."—A. P.

REPLY TO SIR S. HOARE

Nationals Of Discriminating Countries Not To Be Shareholders

STRONG RESENTMENT

Life of Reserve Bank Act Fixed At 25 Years And Branch Offices To Be Five in India.

NEW DELHI, Nov. 10.

A feature of to-day's proceedings of the Reserve Bank Select Committee was the decision to exclude registration as shareholders of British subjects in dominions, the Government of which discriminates against Indians.

The question arose during the discussion of sub-clause 3 of clause 4, which relates to the qualifications of shareholders. Several members are said to have expressed themselves strongly, in view of the statement made by the Secretary of State before the Joint Select Committee in London, that Dominions subjects are to enjoy equal rights with Britishers in India, and that India would not have the power to retaliate against Dominions subjects.

Sir George Schuster is understood to have expressed himself sympathetically in the matter and European members of the Committee also joined in voting for the amended clause which was unanimously carried, reading as follows:—

"No person shall be registered as a shareholder who is not a British subject ordinarily resident in India, and not domiciled in any part of His Majesty's Dominions, the Government of which discriminates in any way against the native Indian subjects of His Majesty."

A DELETION.

The Committee has deleted from clause 2, relating to definitions, sub-clause (D) defining sterling standard countries, in view of the fact that the Committee has decided that the Bank should deal only in sterling securities of the United Kingdom.

LIFE OF R. B. ACT.

The Reserve Bank Committee continued yesterday's discussion on the life of the Reserve Bank Act and decided that it should be 25 years.

The question of state versus shareholders bank again cropped up but was postponed.

The Committee decided to recommend in its report that there should be a limit on the transfer of shares from one area to another. The provision in the Bill that the Central Boaro may at its discretion, without giving any reason, decline to allot shares to any applicant or to register any person as a shareholder has, after discussion, been deleted.

SUB-COMMITTEE APPOINTED.

A sub-committee consisting of Sir Leslie Hudson, Sir Homi Mehta, Mr. Yamin Khan, Sir Annamalai Chetty and Mr. B. K. Basu has been appointed to consider and report if Delhi and Madras areas cannot have more shares out of Bombay and Calcutta registers than are allotted in the Bill.

Provision has been made empowering the Governor-General to buy unallotted shares from any register, and sell them within a particular area. The value of each share remains at Rs. 100, but for voting purposes a person must have a minimum of five shares.

BRANCH OFFICES.

Branch offices of the Bank should be, as stated in the Bill, namely, in Bombay, Calcutta, Delhi, Madras and Rangoon.

The proposal of one member that there should be a branch at Lahore was not carried.

The proposal to establish a branch of the Reserve Bank in London was lost by a small majority.—A. P.

LOSS TO WHOLE MUSLIM WORLD

Shaukat Ali's Tribute To Nadir Shah

LUCKNOW, November 10.

"Nadirshah's death is a loss not only to Afghanistan but to the whole Muslim world and Asia", said Maulana Shaukat Ali, when he was informed of the assassination. Maulana was on his way to Lucknow, when the news was conveyed to him.

Maulana Shaukat Ali said he knew Nadirshah personally, and believed that the late King was very lovable, simple, wise, honest, brave, possessed of great capacity for organising and was almost a military genius.

Apparently the crime was a result of domestic intrigues, but he hoped that Nadir Shah's gifted brother would stand by his nephew, who had a fine training in Europe and in the country. As an Indian and Muslim, Maulana Shaukat Ali wished a strong settled Government in Afghanistan as the nearest neighbour of India.—A.P.

Leading Muslim Members Oppose Imamsaheb's Proposal

NEW DELHI, November 10.

The usual Friday prayers at the historic Juma Masjid gained special importance to-day owing to the announcement in the local press that there will be prayers for the late King Nadir Shah. The normal prayers were conducted by the Imamsaheb and concluded without any incident.

But when the Imamsaheb proposed that prayers be offered for Nadirshah discussion ensued among the leading members of the congregation and it was ultimately decided that owing to difference of opinion the matter should not be proceeded with, and the congregation dispersed.

The Afghan Consul-General attended the prayers.—A.P.

NEW YORK TRADERS WATCH DEVELOPMENTS

Hope Of Soviet-American Trade Parleys Leading To Establishment Of Diplomatic Relations Between Two Countries

(Special To Chronicle.)

BOMBAY, Friday (11 p.m.)

In the New York Market traders are keenly watching the developments in respect of Soviet-American trade parleys, especially as the establishment of diplomatic and economic relations between these, the two countries will open up fresh outlets to trade.

Latest reports indicate that negotiations are under way to purchase a million bales of American cotton, and a million and a quarter yards of cotton cloth through Soviet trading company. This news had a very reassuring effect on the market, where a good deal of buying appeared, and prices again showed an upward trend.

At the opening January was traded in, at 10.02, i.e., 11 points higher than the previous closing. The firmness of the Stock Exchange also contributed to the rise, but the advance was not maintained owing to considerable realising and profit-taking on poor response by Liverpool.

LIVERPOOL WHEAT MARKET.

Liverpool wheat market opened easy at 53-7/8, 57-1/9 and 58-5/8, about 3/8 penny lower. Despite firmer foreign advices the market showed weekening tendency, and business was very poor.

The London Stock Exchange was inactive. Gilt-edged securities slackened with easier tendency. The 3-1/2 p.c. Indian Sterling Loan quoted at £87, i.e., 7-1/2 shillings lower.

London Exchanges opened with Sterling-Dollar at 5-11 1/2, and for some time did not show any improvement, but subsequently it began to appreciate touching 5.14. Franc opened at 81.18, and rose to 81.21, which further went up to 81.50.

Silver and Gold markets in the city remain closed in honour of the memory of late Mr. V. J. Patel.—A.

PANIC ON FOREIGN EXCHANGE

LONDON, Nov. 10.

The "New York Times" Financial Editor remarks that foreign exchanges were panicky. The frantic demand for sterling intensified yesterday's slump in the United States Government securities.

Bankers are speculating whether ten million dollar gold withdrawal from the Federal Reserve which probably has been returned to the Treasury will be used as a nucleus for exchange stabilisation.

The "Journal of Commerce" asserts the R. F. C. supported the dollar as the flight of capital was uncontrolled and reports of acceptance rates have been raised in anticipation of the flight of short-term credits. The "Herald Tribune" points out that foreign central banks holdings and bankers acceptances bought through the Federal Reserve were reduced by two-thirds.—Reuter.

YEHUDI MENUHIN TO PLAY FORGOTTEN WORK

Famous Boy Violinist Restores Music After Much Research

Having decided, after much research, to restore to the public a work which has been known for years only in an abridged form, Yehudi Menuhin, American violinist, will play the complete Urtext edition of the 'D major concerto' of Paganini at his recital on December 1 at the Salle Pleyel, in Paris.

Until now violinists have been playing the Wilhelmj edition of the Paganini concerto. In this the original version is greatly distorted, and the second and third movements are drastically cut. Original editors have existed but remained in the basement of the original publishers, turning yellow.

Yehudi used to play the Wilhelmj edition of his great predecessor's work, but only a few weeks before beginning his European tour he decided to do for Paganini what he had already done for the Mosart seventh concerto and the Lalo "Spanish Symphony," of which the second and third movements were hitherto neglected.

YEHUDI MENHUIN.

Beside the Paganini concerto, Yehudi will play Beethoven's "Seventh Sonata in C Minor," the Bach partita for violin alone, whose fifth movement is the famous "Chaconne," and pieces by Sarasate.

SUN TOBACCO CO. CHIEF IN TROUBLE

Charged With Criminal Breach Of Trust, Misappropriation & Cheating

(From Our Correspondent.)
KURLA, Nov. 10.

Manordas Narandas, the managing director of the Sun Tobacco Co. Ltd. (in voluntary liquidation) is charged with theft, criminal breach of trust and criminal misappropriation in respect of 40 bales of tobacco valued at Rs. 4,600 by Mr. Shivji Chaturbhuj Shah, a liquidator of the Company, in the court of the resident magistrate of Kurla.

When the case came up for hearing yesterday, the complainant was examined at great length.

TWO ATTACHMENTS.

Shivji Chaturbhuj Shah, in the course of his deposition, stated that he was appointed on February 11 last a liquidator of the Sun Tobacco Company, which was ficated in July 1932 as a limited concern for the purpose of manufacture and sale of cigarettes. As managing director of the company the accused had exclusive control over the affairs of the company, having its registered office at the accused's pedhi at Mandvi. The factory and godown of the company were situate at Santa Cruz.

The factory after it worked at Santa Cruz for about six months, was attached on December 16 last under orders from the Sub-Judge's court at Andheri and was therefore seated. There was another attachment of the landlord in whose godown the factory was housed. Witness apeared before the sub-judge and got the attachment raised after a consent order was passed by the court.

When witness took possession, the account books were not at the factory. On the managing director not complying with his request by letter and through solicitor to hand over the account books in his possession witness moved the High Court, in pursuance of whose order the accounts books were handed over to him by the accused. Witness had brought relevant account books and had no objection to produce others.

FACTORY SOLD AT AUCTION.

The factory as it stood, continued the witness was sold for Rs. 1,850 by him at public auction to Mr. Amarshi Bhimjiani in June last. The sale was eventually completed in August due to certain disputes. The liabilities of the company amounted to Rs. 25,0000, while the assets were about Rs 10,000; practically all bad debts as the whereabouts of the "agents" could not be traced. The accused had not supplied any information about these debts.

ONLY 3 SHAREHOLDERS.

There were only three shareholders of whom Manordas Narandas (the accused), was one. The account books revealed that at the time of liquidation Rs. 8,700 were due to one shareholder including the share capital, similarly Rs. 7,700 were due to the accused. Very recently witness came to know from Mr. Bhimjiani that some 25 bales of tobacco belonging to the company were being sold away by Messrs. Gandhi and Co., auctioneers. The auction was for recovery of rent. Correspondence between Chhotalal Velsi and Chaturbhuj Narsi revealed that five bales of tobaccoes were sold to the latter and that 25 bales were kept for safe custody by the accused. The price of five bales was paid to the accused, while Chhotalal Velsi claimed Rs. 3,600 for the 25 bales. According to witness, the name of Chhotalal Velsi was "set up" by the accused himself in his own interest. Cross entries were found to that effect in the account books.

At this stage the hearing was adjourned.

NATIONAL GOVT'S HOME RECORD !

Premier's Platitudes At Lord Mayor's Banquet

LONDON, Nov. 9.

After the recapitulation of record of National Government at home, Mr. MacDonald at the Lord Mayor's banquet, turned to the international sphere. He said that one pound was spent in Britain that was not honestly necessary for defence. Arms had never yet saved the nation from war. Therefore Britain was trying her utmost to remove the grievances of various nations.

As regards disarmament, Britain was only too anxious to continue if Germany would allow. Germany must be signatory to any satisfactory disarmament convention. The present position of Germany was not good for her and not good for Europe it had made it nearly impossible to be reasonable and generous.

Baron von Neurath had hinted that Germany had some new proposals. They would receive the most favourable impartial consideration.—Reuter's Special.

GLOOMY VIEW OF COTTON TRADE

Runciman's Reply To Debate On Jap Competition

LONDON, Nov. 9.

Too gloomy view was taken of Lancashire cotton trade in the last few years, declared Mr. Walter Runciman in the House of Commons, replying to a debate on the Japanese competition raised for adjournment by Lancashire members.

Mr. Runciman pointed out that imports of raw cotton had increased from 27,9000 to 571,000, bales in the last two years.

Britain and Japan are the only independent exporting countries to show a general upward tendency in cotton exports since 1931. It was very much better to regulate relationships by agreement than involve ourselves in tariff wars. By agreement, it might be possible to obtain such allocation of business as would assure some degree of security in future.

Mr. Runciman hoped the arrangements now being made in India will be repeated here. He deprecated any action at present which may cause friction and emphasised that the Government did not intend to leave the situation where they found it.—Reuter's Special.

BOMBAY AGREEMENT

Jawaharlal Disapproves Millowners' Pact With Lancashire

ALLAHABAD, Nov. 9

Pandit Madan Mohan Malaviya opened the All-India Swadeshi Exhibition to-day in the presence of a large gathering.

Supporting the motion that Pandit Madan Mohan Malaviya open the Exhibition, Pandit Jawaharlal Nehru said that the reason why he did not take much interest in Swadeshi work was because he was preoccupied with the more important national work of the country's freedom. His idea of Swadeshi was pure hand-spun khadi.

Pandit Jawaharlal Nehru did not approve of the Agreement of the Bombay millowners with Lancashire.

Pandit Madan Mohan Malaviya opening the exhibition impressed on the audience the value of Swadeshi which he himself had been practising since his boyhood.

The use of Swadeshi, he pointed out, would benefit the country, and any agreement with Lancashire or Japan would not benefit India. Those who were making compromises did not represent the country.

Pandit Mohanlal Nehru, General Secretary of the Exhibition, thanked Pandit Madan Mohan Malaviya.

Pandit Malaviya is leaving for Benares to-morrow.

Exhibitors from all parts of India representing every kind of Swadeshi goods are participating. —A. P.

Marwari Traders Condemn Bombay-Lancashire Agreement

"If the Government desires to accept the agreement of the Bombay Mill Owners Association, the reduction of tariff should apply only to the Port of Bombay and not to any other Ports of India in order that the Provincial Cotton Mills, whose ports of entry are other than Bombay may be able to exist and not be handicapped from the decrease in duty."

In these words, the Marwari Trades Association has made a protest against the agreement arrived at between the Bombay Mill Owners Association and the Lancashire Deputation of Mill Owners.

LANCASHIRE'S ADVANTAGE.

Lancashire enjoys the advantage of free entry of raw cotton and because of the depreciation in English currency the cost of production of English cotton goods is substantially lower than those of Indian mills which are handicapped by Import duty on raw cotton, machinery and stores. India's mills are fully capable of producing all of India's requirements of cotton goods supplemented by the production of her hand-looms and this Association declares that it will be seriously detrimental to the interests of the country to lower the protective tariff at the present time.

WHY MORE NOVELS ARE WRITTEN

Mr. Walpole Puts Forward Interesting Theory

OXFORD, (By Mail).

Mr. Hugh Walpole, who was the guest of the Oxford Luncheon Club,, asked how it was that continually more people were writing novels when the world is already so full of them. "I believe that Oxford at this moment is crammed with people who are writing novels, and everywhere their number is increasing year by year, and there are mose and more failures."

Mr. Walpole said: "Three out of every six novels are scarcely reviewed. They have no place in the booksellers' snops, and they are hardly recognised by the libraries. What extraordinary reason is there that more and more people are writing them?

"I believe that the novel is different from all other writing arts, in that it is something that can be good without being altogether literature. Arnold Bennett, who was one of the wisest and most practical men I have ever known, said that the bet novels were always half-amateur, and that the novel was something that revealed the writer more than anything else —more even than autobiography. I suppose the original impulse of the novelist is the sense that he must give himself something by means of which he may liberate himself."

Mr. Basil Blackwell, the Oxford publisher, who took the chair, said that if piblishers were asked how it could be worth their while to put out so many novels that had so small a chance of life the only answer was that they hoped that sooner or later one would catch on with the public, and then the publisher would reap his reward.

GANDHIJI'S COMING BENGAL TOUR

Invitations Received From 23 Important Places

CALCUTTA, (By Mail.)

The Associated Press understands that, according to present arrangements Gandhiji will visit several districts in Assam on the conclusion of his Bengal tour. A programme in this connection is being prepared by the Servants of the Untouchables Society, Assam.

Invitations from 23 important places in Bengal, namely, Berhampore, Malda, Rajshahi Pabna, Bogra, Dinajpur, Jalpaiguri, Bankura, Birbhum, Kalna, Contai, Chandranagore, Hooghly, Howrah Jessore, Khulna, Faridpur, Bikrampore, Dacca, Mymensingh, Chandpur, Barisal and Sylhet have already been extended to Gandhiji who is expected to arrive in Calcutta on February 27 and stay there for a week. He will be in Bengal for about a month visiting the districts and spending about a fortnight in active work. It is apparent that it will not be possible for him to visit all the places from which invitations have been received.

The final tour programme will be decided by Mr Satish Chandra Das Gupta in consultation with the Secretary of the Servants of the Untouchables Society, Bengal, and representatives of the districts concerned.

The itinerary will include collection of funds, addressing of public meetings, visiting the quarters of the untouchables and meeting local leaders.—A. P.

Face Peeling At Home

Any woman nowadays may quickly rejuvenate her complexion at home by a safe and painless process of gentle absorption. The days of expensive and dangerous "operations" are past, and each woman can be her own beauty doctor. It has been discovered that ordinary mercolized wax, applied like cold cream at night, will cause the thin veil of lifeless, sallow or blotchy cuticle to gradually and gently flake off in invisible, flour-like particles, revealing the fresh, vigorous and beautiful young skin underneath. The wax absorbs only the unhealthy and unsightly outer film, and does not affect the healthy tissue at all.

The process defies detection, and unveils a lasting and beautiful complexion, which is, of course, a perfectly natural one. For this purpose thousands of women are now using mercolized wax, which may be obtained at any chemist's. Naturally, the process also removes all such surface blemishes as freckles, blotches, pimples, tan, liver spots, etc. It makes the face look years younger and prettier, and renders the use of face creams unnecessary.

President's Determination To Raise Cotton Prices

CONSTRUCTIVE SIDE MORE ATTRACTIVE

Better Feeling Among Local Operators

An almost complete absence of constructive news characterised the early part of the week under review and markets, for the most part, were lethargic, state Messrs. Langley & Co.

Cotton, in particular, felt the chilling influence of the prospect of a larger crop estimate. That was inevitable as even to the most enthusiastic of those present day pseudo-economists there comes an occasional moment of doubt as to whether statistics can be completely ignored. The market, as a direct consequence, had to take a considerable amount of liquidation which offset the effects of a declining dollar.

But a futures market never discounts the same factor twice and the publication of the Bureau yesterday at 13,100,000 bales found operators more prepared to respond to the clarified outlook.

GOLD POLICY.

Meanwhile, President Roosevelt's gold policy has not had the support of the speculator who, from its inception, has felt that foreign reprisals were inevitable. The first of those reprisals has been foreshadowed in the announcement made by Mr. Walter Runciman to the effect that the British Government had notified their intention to withdraw from the tariff truce from December 7th. That, to our mind, savours of salving the financial conscience at the expense of the economic conscience. A Conservative Government dislikes too drastic a depreciation of the pound. But some sort of protection is necessary. Therefore compromise is sought. The policy of depreciating currency and the policy of increasing tariffs are similar in their effect of reducing imports. But the only justification of a tariff viewed from the standpoint of world trade is temporary protection. From any other viewpoint tariffs are a tale of Alice in Blunderland. And, incidentally surely Britain, left alone, would prefer to expand exports rather than contract imports.

Also, in our opinion, Mr. Roosevelt is not looking to his export trade as a primary consideration. For proof we recall the fact that his first gold policy was purely domestic. His essential desire is to raise commodity prices 'in America.' It was only the ineffectiveness of his domestic gold policy which forced him into foreign purchases.

RISE IN PRICE

So far the gold price in America has been raised to 33.05 from 32.26 a week ago. In the same period the cross rate has moved from 4.86 to 4.97 and January cotton in New York from 9.61 to 9.77. Cotton has not discounted the cheaper dollar.

The gold price, it seems, will continue gradually to be raised. But so, far with the cross rate moving in favour of sterling and dollar markets lacking speculative support, there has been a definite tendency for pressure increase on sterling markets rather than for American markets to feel the stimulus of the lower dollar. That is not the desire of the American Government. Obviously there is no point in deliberately devaluing the dollar if commodities fail to respond. And it seems equally logical to conclude that if dollar markets continue in their failure to respond fresh and vigorous measures will be introduced.

Viewed from all standpoints we see a determination on the President's part to raise the price of cotton. He has vast powers to enable him to do so. To sell short in New York would appear to be to enter into unequal contest with a powerful adversary. The constructive side looks much more attractive and we prefer purchases.

The Bombay market, having accumulated long interests following the rains of a fortnight ago and the prolonged hope of a settlement of the Japanese boycott, turned reactionary on the first signs of a pause in American markets. Early in the week undertone was poor.

BETTER FEELING

News of the abandonment of opposition by Industrialists in Japan to the proposed details of the Indo-Japanese agreement however increased and demands for contracts and created much better feeling among operators.

It is difficult to over-estimate the importance of an Indo-Japanese settlement particularly on its effect on the spot market. Between the years 1928-29 to 1932-33 but excluding season 1931-32 when the crop was a failure Japan's annual takings from India averaged 12,23,579 bales. Shipments from the 1st September this year to the 7th November totalled only 321 bales against 1,19,219 last year. Shipments to Japan have been 20,537 bales for the same period as against this increase of 20,2?, bales is negligible compared to the return of 1,19,219 bales to the Japanese shipments.

When the ban on Indian cotton is definitely lifted we see no good reason why the deficit of approximately 1-1/4 lacs should not be made good.

SMALL STOCKS.

Stocks in Bombay at present are only 5,80,567 bales against 5,74,993 last year and in spite of increasing crop movement the statistical position would appear to be healthy.

Bureau uncertainty adversely affected shipment enquiry from Europe but China has remained in the market for cotton. The basis for Indian cotton has already hardened and the re-entry of Japan into the market should raise it further.

Any decline locally is likely to stimulate Japanese buying but we still think the constructive side is afforded more opportunities in New York.

MR. KILLEDAR LEADING?

(From Our Correspondent.)

KURLA, Nov. 10.

The bye-election for a seat in the Bombay Legislative Council caused vacant by the death of Mr. J. S. Kadri, on behalf of the northern division Muslim constituency took place yesterday.

The polling booth at the Municipal office, Kurla, was a scene of great activity throughout the day. Out of about 1,700 voters, about 50 per cent. exercised their right.

Inquiries made in the evening showed that Mr. Haji Yusuf Ismail Killedar was leading by about 50 votes over Mr. Vallibaksh Adam Patel, his rival.

GERMAN GESTURE TO LEAGUE AGAIN

The proposals would be conciliatory but include a symbolical rearmament.—Reuter's Special.

"RULER OF GREAT ABILITY"

British Press On India's Excellent Neighbour

LONDON, Nov. 10

A strong friendly Government in Afghanistan is among the chief interests in the foreign policy of India, states the "Daily Telegraph" in a leading article on the assassination of King Nadirshah.

If as is possible, his death should prove a prelude to the state of chaos as one which Nadirshah had to restore to order on ascending the throne, the position of the Frontier will not be free from anxiety.

It is hoped best elements in Afghanistan will rally to the support of the King's son.

The "Times" pays tribute to Nadirshah as a ruler of great ability, courageous in war and learned in diplomacy. By his death, faction is given a dangerous opportunity, while the internal order he laboriously restored is again threatened. Britain has lost an excellent neighbour and his steadying influence on the Indian Frontier.

Lord Crewe in a letter to the "Times" recalls the frequent informal talks with Nadirshah when the latter was Minister in Paris and pays tribute to the King's personal distinction and charm.—Reuter's Special.

CHARGE AGAINST SURYA SEN

Crown Case Against Alleged Murder Of Capt. Cameron

CALCUTTA, November 9.

Arguments on behalf of Miss Kalpana Dutt having concluded, the Advocate-General was asked by the special bench of the High Court to deal with the charge against Surya Sen in connection with the murder of Captain Cameron at Dhalghat on June 13, 1932.

The Advocate-General said that the Crown case was that both Sen and Miss Pritilata Wadadar were present at Dhalghat when Captain Cameron lost his life. There was documentary evidence in support of this contention. He referred to a document purporting to be the version of Pritilata of the Dhalghat incident. If this was accepted it would show that Sen was at Dhalghat.

In this document Pritilata described the occurrence at Dhalghat in the minutest detail and it seemed that she was completely mesmerised by a person under whose control she had come and whom she regarded as a sort of divinity.

If this statement was relied upon it would prove that she and Masterda, meaning Surya Sen, were at Dhalghat, that the firing did take place, that Cameron was shot when he tried to go upstairs and that both the accused succeeded in escaping after the incident.

UNLUCKIEST JOCKEY

Hurt In First Race Since Car Crash

SANDOWN, (By Mail).

The leading National Hunt jockey, W. Stott, had a bad fall on October 19 from the first mount he has had in public since he was badly injured in a car accident last May.

Soon after his dramatic fall with Pelorus Jack at the last fence in the Grand National when lying alongside Kellsboro' Jack his car crashed in Cheltenham and he received injuries to the head and face.

He made a wonderful recovery and resumed riding to-day on his old friend, Pelorus Jack, who started favourite for the Cholmondeley Chase. The horse made a circuit of the course, jumping splendidly until he went right into the last fence, but one on the far side and crumpled up.

Stott was thrown heavily and lay motionless until the ambulance came for him.

The medical officer's pronouncement was that no bones were broken, but that three ribs had been bruised.

INDIAN MISSIONARY IN CHICAGO

FARIDPUR, (By Mail).

In a letter to His Holiness Mahendraji, leader of the Sree Jagatbandhu Mission, Faridpur, Carl F. Propson, a distinguished philosopher of Chicago, who is the host of Brahmachari Mahanambrata, a representative of the mission, says, that the Brahmachari has joined the World Fellowship of Faiths and delivered an impressive lecture on the message of "ahimsa" (non-violence) before a huge gathering. The lecture was well commented upon by the Chicago press.

The Brahmachari is likely to take up post-graduate work at the University of Chicago and obtain the degree of Ph.D. in Philosophy.

This, it is thought, will prove very useful to the future missionary work in India.—A.P.

"FUTILE TO TAKE COMPANY INTO LIQUIDATION"

Timely Warnings Have Been Spurned By Directors, Bitterly Complain Shareholders In Meeting

An extraordinary general meeting of the shareholders and creditors of the Fazalbhoy Mills Ltd. was held on Friday afternoon in the office of the company at Outram Road, Fort. Mr. F. E. Dinshaw presiding.

The meeting was not open to the press. The chairman, it is understood pointed out the financial difficulties of Messrs. Currimbhoy Ebrahim and Sons as Agents of the Mills and said the Board of Directors were of opinion that appointment of other reliable agents was necessary. He said the Board were in communication with Sir Akbar Hydari who is the representative of H. E. H. the Nizam, as Messrs. Currimbhoy Ebrahim and Sons had mortgaged their agency commission of the mills to H. E. H. the Nizam. Sir Akbar Hydari was expected in Bombay about November 22, and he suggested that the whole matter should be considered after his return. As notices of petitions by the creditors were received by the company to take the mills into liquidation, he had called the meeting that afternoon and asked for their opinion in the matter.

WARNING TO DIRECTORS.

Several shareholders severely criticised the management of the mills and said they had already given warnin to th directors in the annual general meetings. If the directors had listened to their warning, they would not have come to that impasse. They however opined that it was futile to take the cimpany into liquidation as the mills would hardly fetch Rs. 2 lacs to Rs. 3 lacs. A suggestion was made to invite tenders or offers for the running of the mills. A combined committee of four sharehold rs and four creditors was then appointed to invite offers for the running of the mills. The following gentleden were appointed on the committee:

FOR SHAREHOLDERS:

(1) Mr Shamji Vallabhdas (2) Mr. N. V Khandwalla, (3) Mr. Bhaidas Maganlal (4) Mr. Lalji Govindji.

REPRESENTING CREDITORS:

(1) Mr. Govindji Morarji (2) Mr. Dwarkadas Jivandas, (3) Mr. Manilal Motilal Mulji and (4) Mr Mathradas Kanji Matani.

MISSION IN ENGLAND.

U Kya W Din proposes to offer his opposition in England to the Separation based on the constitution outlined by the Premier and to secure modifications of the White Paper in the interest of Burma. He also stated that it fell on one to lay bare the intrigues of the other two anti-separationist representatives, should they try to make the Federationist cause a success in England.—A. P.

PLOT AGAINST MUSLIMS?

Maulana Karam Ali On Significant Phase Of Palestine Trouble

LUCKNOW, Nov. 10

At the invitation of the Raja of Salempur several Muslim leaders including Maulana Shaukat Ali, Maulvi Mohinuddin, Nawab Ismail Khan, and Mr. Masood Ahmad, M.L.A., arrived here this morning to participate in the informal talks which will commence to-morrow. Subjects affecting the interests of the Moslems in India will be discussed, but special attention will be given to the Palestine question which has been greatly agitating the Moslem mind in India and the recent difference of opinion among the Muslim leaders of the League.

PALESTINE QUESTION.

Maulana Karam Ali, Secretary to the Jamait-ul-Ulema in a statement to the press said that the Palestine question was significant at the present time as it foretold disaster to the Arabs and the Moslem world would resent the attitude of the Mandatory Government which in his opinion aimed at expelling the Muslims from Palestine in favour of the Jews.

He appealed to the Muslims in India to wait patiently until the Muslim leaders who gathered at Lucknow had arrived at a decision.—A. P.

RAISE RUPEE PRICE LEVEL

Present Devaluation Has Caused Drop In Trade Says Millowners Assn.

The Secretary, Bombay Millowners' Association, has sent the following telegram to the Secretary, Government of India, Finance Department:—

"The Committee of Millowners' Association, Bombay, desire to draw the attention of the Government to the vital necessity of taking immediate steps to improve the economic condition and purchasing capacity of the country by raising Rupee price level of the commodities. The Committee consider that first step should be the reduction in the xchange value rupee.

DROP IN TRADE.

The Committee is of opinion that the present valuation of Rupee in relation to sterling has caused unnatural and substantial diminution of volume of export trade, and depression of internal prices for raw materials with very adverse results on the purchasing power of agriculturists, general price level. Government revenues and balance of trade.

The present ratio could not in the Committee's view have been maintained except for unexpected Gold exports, continuation of which would be disadvantageous to India whose trade balance should be maintained by volume of her exports of commodities".—A P

ANDREW SAILS FOR ENGLAND

Will Write His Impression Of Flood Problem In India On Board Ship

Rev. C. F. Andrews, interviewed before his departure for England, stated that four things had deeply impressed him during his stay in India.

The very general condemnation of the White Paper by those who know the village problems and are able to judge the administrative difficulties. Its cost was excessive for a poor country like India.

The rapid though unspectacular advance of the movement for the removal of untouchability and the remarkable devotion of the villagers to the person of Mahatma Gandhi.

The indebtedness of the agricultural classes, both landlords and peasants, from which there appeared to be no escape, unless special measures for relief were speedily taken.

The crucial unemployment problem amongst the educated classes in Bengal, which is one of the chief causes of the political discontent in that province.

FLOOD PROBLEM.

Mr. Andrews, who had recently made a special study of the flood problem in Cuttack and Puri (Orissa District) laid special stress on the need for finding some permanent solution rather than going on with recurrent and therefore, uneconomic and inadequate measures, which could not cope with the situation. He believed that the engineering difficulties involved were not insoluble and in development of this idea, intends to write a full report of what he had seen in Orissa on board the ship.—A. P.
